Agency of Administration

July 15, 2010

Enclosed is the 2010 Recreational Facilities Grant Program application administered by the Department of Buildings & General Services. The goal of the program is to provide competitive grants to municipalities as defined in chapter 117 of Title 24 and to non-profit organizations to stimulate the creation and development of recreational opportunities in Vermont communities. Please pass this information along to any organization or interested parties that may qualify for this program.

It is the intent of the legislature that applicants applying for any of the following Building Community grants: Historic Preservation, Cultural Facilities, Recreational Facilities, Human Services & Educational Facilities, shall not apply for more than one grant under Chapter 137 of Title 24 for the same task in the same calendar year, nor more than one grant in the same grant category for the same project.

It is the intent of the committee to award all grants on a competitive basis which ensures equitable selection. The committee gives priority consideration to applicants demonstrating strong community support through local fundraising campaigns.

Please feel free to contact our office at (802) 828-3519 if you have any questions. For your convenience the application is available on line at <http://bgs.vermont.gov/formsandpublications>

We look forward to working with everyone.

RECREATIONAL FACILITY GRANTS PROGRAM

APPLICATION PROCESS

The program is open to municipalities and non-profit organizations that provide services to youth or adults in either an individual community or recognized community service area. The maximum available grant is \$25,000. Requests in any amount up to twenty-five thousand dollars will be considered. It is the intent of this program to make as many awards as feasible with the money appropriated by the legislature. For each dollar requested, documentation must be provided to show that one dollar has been raised (on hand or pledged) from non-state sources. Projects that are in the conceptual stage should not apply at this point. Preference will be given to those projects that have a demonstrated longevity of support within a community.

This program is intended as a simple grant application process. Handwritten applications are acceptable. We do not encourage having professionally prepared material created for this application. Short, simple applications are greatly appreciated and supported.
