- 1.1. **TITLE:** All titles will be to the agency making the purchase. With the exception of the Department of Public Safety and the Agency of Transportation, all State-owned vehicles will indicate the first lienholder as the State of Vermont, Buildings and General Services, FMS, 7 Green Mountain Drive, Montpelier, VT 05620-4502.
- 1.2. **FUTURE YEARS' PRICING AND/OR ALTERNATIVE MODEL OFFERINGS:** All pricing must remain in effect for the entire model year production.
- 1.2.1. Contractors may submit pricing for the next model year vehicles as they become available. Pricing must be based on a manufacturer's percentage increase or decrease, and the contract cannot incorporate additional pricing over and above the manufacturers. A letter from the manufacturer indicating the percentage increase or decrease must accompany the request by the contractor.
- 1.2.2. If a manufacturer announces that it will be discontinuing production of a model of vehicle that is a subject of a contract resulting from this RFP, Contractor must notify the State at Contractor's earliest opportunity of the expected date of discontinuation of production, and any information that is available about opportunities to order or purchase prior to actual discontinuation.
- 1.2.3. If, regardless of whether any model is discontinued, a manufacturer introduces an entirely new, distinct model that is not already a subject of this contract but that occupies a similar functional profile to a vehicle that is already a subject of this contract, Contractor should inform the State of the expected availability date, vehicle characteristics, and pricing information for the new model, which shall be required to be at comparable discounts as the pricing of existing models, and State may, in State's sole discretion, opt to add the different new model to this contract.

Contractor shall reply promptly in writing with their actual availability (and,

if not immediately available off-the-lot, then a reliable delivery date) and proposed pricing. Prices for multi-year sales of vehicles of model year(s) different than those than this contract should reflect pricing structures and discounts comparable to those listed in this contract. Prices for off-the-lot sales should generally reflect pricing structures and discounts comparable to those listed in this contract, unless it can be demonstrated that fleet incentives were a component of pricing within this contract and that such fleet incentives are completely unavailable for off-the-lot sales. Sale of limited-inventory and/ or limited-availability vehicles not specifically listed on this contract is at contractor discretion. Contractor may opt to, but is not obligated to, extend multi-year and/or off-the-lot transactions to include vehicles that contractor could obtain from inventory already on-site at a different dealer. If the State or Additional Purchaser wants to proceed with the purchase at the price quoted by contractor, the State or Additional Purchaser will confirm that in writing to contractor. Further negotiations are permissible, on condition that final price is mutually agreed to in writing prior to purchase.

All prior agreements, representations, statements, negotiations, and understandings shall have no effect.

3. Governing Law, Jurisdiction and Venue; No Waiver of Jury Trial: This Agreement will be governed by the laws of the State of Vermont. Any action or proceeding brought by either the State or the Party in connection with this Agreement shall be brought and enforced in the Superior Court of the State of Vermont, Civil Division, Washington Unit. 29. No Implied Waiver of Remedies: Either party's delay or failure to exercise any right, power or remedy under this Agreement shall not impair any such right, power or remedy, or be construed as a waiver of any such right, power or remedy. All waivers must be in writing.

30. State Facilities: If the State makes space available to the Party in any State facility during the term of this Agreement for purposes of the Party's performance under this Agreement, the Party shall only use the space in accordance with all policies and procedures governing access to and use of State facilities which shall be made available upon request. State facilities will be made available to Party on an "AS IS, WHERE IS" basis, with no warranties whatsoever.

31. Requirements Pertaining Only to Federal Grants and Subrecipient Agreements: If this Agreement is a grant that is funded in whole or in part by Federal funds:

- A. Requirement to Have a Single Audit:** The Subrecipient will complete the Subrecipient Annual Report annually within 45 days after its fiscal year end, informing the State of Vermont whether or not a Single Audit is required for the prior fiscal year. If a Single Audit is required, the Subrecipient will submit a copy of the audit report to the granting Party within 9 months. If a single audit is not required, only the Subrecipient Annual Report is required. For fiscal years ending before December 25, 2015, a Single Audit is required if the subrecipient expends \$500,000 or more in Federal assistance during its fiscal year and must be conducted in accordance with OMB Circular A-133. - B. Internal Controls:** In accordance with 2 CFR Part II, §200.303, the Party must establish and maintain effective internal control over the Federal award to provide reasonable assurance that the Party is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- C. Mandatory Disclosures:** In accordance with 2 CFR Part II, §200.113, Party must disclose, in a timely manner, in writing to the State, all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Failure to make required disclosures may result in the imposition of sanctions which may include disallowance of costs incurred, withholding of payments, termination of the Agreement, suspension/debarment, etc.

32. Requirements Pertaining Only to State-Funded Grants:

- A. Certification Regarding Use of State Funds:** If Party is an employer and this Agreement is a State-funded grant in excess of \$1,001, Party certifies that none of these State funds will be used to interfere with or restrain the exercise of Party's employee's rights with respect to unionization.
- B. Good Standing Certification (Act 154 of 2016):** If this Agreement is a State-funded grant, Party hereby represents: (i) that it has signed and provided to the State the form prescribed by the Secretary of Administration for purposes of certifying that it is in good standing (as provided in Section 13(a)(2) of Act 154) with the Agency of Natural Resources and the Agency of Agriculture, Food and Markets, or otherwise explaining the circumstances surrounding the inability to so certify, and (ii) that it will comply with the requirements stated therein.
