

## **BUILDING COMMUNITIES GRANTS PROGRAMS: REGIONAL ECONOMIC DEVELOPMENT GRANTS**

The Regional Economic Development Grants Program is administered by the Department of Buildings and General Services (BGS). The goal of the program is to provide competitive grants to Municipalities and to Non-Profit Organizations as defined in chapter 117 of Title 24 for capital costs associated with major maintenance, renovation, or planning related to the development of facilities reasonably expected to create or retain job opportunities in Vermont communities.

This is a competitive grant program and not all applicants will receive funding nor will awarded applicants necessarily receive the full amount of funds requested. This program provides last gap funding for shovel-ready projects and does not support ongoing fundraising initiatives. It is the intent of the legislature that applicants applying for any of the Building Communities Grants Programs shall not apply for more than one grant as defined in Chapter 137 of Title 24 for the same project in the current calendar year, in any of the categories of the Building Communities Grants Programs. This does not prohibit organizations from requesting funding for a different project in an alternate location under any of the Building Communities Grants.

Grants will be awarded by the selection committee on a competitive basis. Precedence will be given to applicants for new projects and proposals who have not previously received a Regional Economic Development Grant. The committee gives priority consideration to applicants demonstrating they have strong community support through the success of local fundraising campaigns. The deadline to submit applications is September 10<sup>th</sup> each year and grant submissions must be postmarked by the deadline date. If September 10<sup>th</sup> falls on a weekend, the deadline will be extended to the following Monday. Grant award recipients will be announced in the fall, around mid-October.

## **BUILDING COMMUNITIES GRANTS PROGRAMS: REGIONAL ECONOMIC DEVELOPMENT GRANTS**

### **APPLICATION PROCESS**

This grant program is open to Municipalities and Non-Profit Organizations that provide regional economic development in an individual community or recognized community service area. The maximum grant amount awarded is \$25,000.00 per project. Requests in any amount up to the \$25,000.00 limit will be considered. You must be able to provide documentation of equal match or more for the amount you are requesting for the grant, and it must be committed in hand, and not pledged. The committed funds cannot come from any State or Federal funds. Projects must be shovel-ready to begin or have already begun construction. Projects that are in the conceptual stage should not apply.

The grant application process is intended to be simple and handwritten applications are acceptable. We do not encourage having professionally prepared materials created for this application. Short, simple, and to the point applications are greatly appreciated and supported by the committee members.
