

STATE OF VERMONT
CONTRACT AMENDMENT

It is hereby agreed by and between the State of Vermont, Department of Buildings and General Services, Office of Purchasing and Contracting (the "State") and Absolute Spill Response, with a principal place of business in Barre, VT (the "Contractor") that the contract between them originally dated as of February 1, 2024, Contract # 47396, as amended to date, (the "Contract") is hereby amended as follows:

I. **Exhibit A, Price Schedule.** The Price Schedule is amended as follows:

Exhibit A- Price Schedule is amended by the addition of the Rate Schedule as attached below.

Taxes Due to the State. Contractor certifies under the pains and penalties of perjury that, as of the date this contract amendment is signed, the Contractor is in good standing with respect to, or in full compliance with a plan to pay, any and all taxes due the State of Vermont.

Child Support (Applicable to natural persons only; not applicable to corporations, partnerships or LLCs). Contractor is under no obligation to pay child support or is in good standing with respect to or in full compliance with a plan to pay any and all child support payable under a support order as of the date of this amendment.

Certification Regarding Suspension or Debarment. Contractor certifies under the pains and penalties of perjury that, as of the date this contract amendment is signed, neither Contractor nor Contractor's principals (officers, directors, owners, or partners) are presently debarred, suspended, proposed for debarment, declared ineligible or excluded from participation in federal programs, or programs supported in whole or in part by federal funds.

Contractor further certifies under pains and penalties of perjury that, as of the date this contract amendment is signed, Contractor is not presently debarred, suspended, nor named on the State's debarment list at: <http://bgs.vermont.gov/purchasing-contracting/debarment>

This document consists of 3 pages. Except as modified by this Amendment No. 1, all provisions of the Contract remain in full force and effect.

[Remainder of Page Intentionally Left Blank]

The signatures of the undersigned indicate that each has read and agrees to be bound by this Amendment to the Contract.

STANDARD CONTRACT FOR SERVICES

1. **Parties.** This is a contract for services between the State of Vermont, Department of Buildings and General Services, Office of Purchasing and Contracting (hereinafter called “State”), and Absolute Spill Response, with a principal place of business in Barre, VT, (hereinafter called “Contractor”). Contractor’s form of business organization is Corporation. It is Contractor’s responsibility to contact the Vermont Department of Taxes to determine if, by law, Contractor is required to have a Vermont Department of Taxes Business Account Number.
2. **Subject Matter.** The subject matter of this contract is services generally on the subject of Hazardous Response and Material Collection & Disposal. Detailed services to be provided by Contractor are described in Attachment A.
3. **Maximum Amount.** In consideration of the services to be performed by Contractor, the State agrees to pay Contractor, in accordance with the payment provisions specified in Attachment B, a sum not to exceed \$750,000.00.
4. **Contract Term.** The period of Contractor’s performance shall begin on February 1, 2024 and end on January 31, 2026 with an option to renew for three, twelve-month terms upon mutual agreement of both parties.
5. **Prior Approvals.** This Contract shall not be binding unless and until all requisite prior approvals have been obtained in accordance with current State law, bulletins, and interpretations.
6. **Amendment.** No changes, modifications, or amendments in the terms and conditions of this contract shall be effective unless reduced to writing, numbered and signed by the duly authorized representative of the State and Contractor.
7. **Termination for Convenience.** This contract may be terminated by the State at any time by giving written notice at least thirty (30) days in advance. In such event, Contractor shall be paid under the terms of this contract for all services provided to and accepted by the State prior to the effective date of termination.
8. **Primary Contacts.** The Parties will keep and maintain current at all times a primary point of contact for this Agreement, which are presently as follows:

a. For the Contractor:

Name: Melissa Ramsey

Phone: 802/272-0236

Email: Mramsey@absolutespillresponse.com**b. For the State:**

Name: Mike Kennedy

Phone: 802/249-5058

Email: Michael.n.kennedy@vermont.gov

9. **Attachments.** This contract consists of 17 pages including the following attachments which are incorporated herein:

Attachment A - Statement of Work

Attachment B - Payment Provisions

Attachment C – “Standard State Provisions for Contracts and Grants” a preprinted form (revision date 12/7/2023)

Attachment D - “State of Vermont – Federal Terms Supplement (non-construction)”

Exhibit A- Price Schedule

10. **Order of Precedence.** Any ambiguity, conflict or inconsistency between the documents comprising this contract shall be resolved according to the following order of precedence:

- (1) Standard Contract
- (2) Attachment C (Standard Contract Provisions for Contracts and Grants)
- (3) Attachment D (State of Vermont – Federal Terms Supplement (non-construction))
- (4) Attachment A
- (5) Attachment B
- (6) Exhibit A (Price Schedule)

ATTACHMENT A – STATEMENT OF WORK

The Contractor shall provide services in accordance with the following:

1. The following principle activities are anticipated in support of this contract:
 - Hazardous waste sampling and analysis.
 - Provide Emergency Spill Response resources within 2 hours of request.
 - Waste stream characterization, and definition of each applicable EPA ID Code.
 - Properly and accurately develop the applicable Hazardous Waste Manifest, as required by the State of Vermont, and federal laws.
 - Provide appropriate Department of Transportation Containers to contain and ship hazardous waste. This will include providing all the proper labels to meet DOT and EPA Regulations for the safe handling and shipping.
 - Ensure proper handling of containers and waste so as not to create a potential for spillage and environmental contamination.
 - Personnel conducting waste sampling, handling and disposal shall be properly trained, qualified, and equipped to conduct hazardous waste spill response activities. All personnel conducting waste collection shall meet the minimum criteria contained in 29 CFR 1910.120, Hazardous Waste Operations and Emergency Response.
 - Safely transport and dispose of all wastes at an approved hazardous waste disposal location, meeting the requirements contained in 40 CFR 264.
 - The Contractor is required to submit to the State of Vermont all appropriate documentation within the required timeframe to validate the entire process from time of material pickup to ultimate disposal.
 - The Contractor shall prepare and submit a report summarizing activities to profile and identify waste; remove, transport, and dispose of waste, and include all applicable documentation, such as manifest, bill of lading, etc.
 - Underground Storage Tank closure services in accordance with the Department of Environmental Conservation's Underground Storage Tank Rules. Services to include closure notification to the Department of Environmental Conservation, earthwork, tank cleaning, tank removal and disposal, excavation and stockpiling and disposal of soil contaminated with petroleum hydrocarbons, confirmation soil sampling, and closure reporting.
 - The State may request that the Contractor perform other tasks, at a mutually agreed scope, fee schedule, and payment schedule based on rates provided in proposal.
 - Hazardous material spill cleanup as required by the Department of Environmental Conservation's Spill Program. Services to include initial assessment and determination of what corrective action is necessary, providing all equipment and personnel necessary to collect and containerize spill debris (i.e. used absorbent material), and excavate impacted soil as necessary. The contractor will provide for all coordination of the spill cleanup activities including the proper temporary storage and disposal of waste and impacted material per the Vermont Hazardous Waste Management Regulations, confirmatory sampling, and spill summary reporting. See Section 2.7 for additional requirements for emergency spill response.
2. **Hazardous Material Collection and Disposal:** The primary waste streams anticipated are from the following sources:
 - Automotive wastes
 - Flammable liquids

- Halogenated and non-halogenated organic solvents
- Paint and paint products
- Acid, alkaline and aqueous solutions with and without heavy metals
- Lab pack pesticides/herbicides and other chemicals
- Aerosol cans
- Liquid oxidizers and solid bulk oxidizers
- Liquid mercury and mercury saturated articles
- Vinyl asbestos tile or other conditionally exempt asbestos containing materials
- Soil contaminated with petroleum hydrocarbons
- Soil contaminated with solvents
- Soil contaminated with heavy metals other than mercury
- Debris contaminated with chemicals
- Heavy metal bearing solids
- Propane tanks
- Unknown compressed gases
- Hazardous sludge
- PCB contaminated materials
- Low-level radiological waste
- Batteries (nickel/cadmium; lead)
- Lab pack non-compatible chemicals
- Regulated drugs
- Mercury containing wastes
- Other unknown chemicals

3. Waste Collection and Transport: Contractor will ensure that all waste materials are appropriately sorted, packed, collected from the State Facility and transported to an approved recycling, treatment or disposal facilities in accordance with all applicable regulations. Pick-up will be scheduled within five business days of notification.

- Contractor is responsible for notifying the requesting Agency 24 hours prior to pick-up to confirm scheduled pick-up time or request a change.
- Contractor is responsible for preparing all required shipping papers for the transport of item under the contract
- Contractor is responsible for pick-up waste from the requesting Agency within 10 business days from initial request, unless otherwise requested.
- Contractor is responsible for classifying package or repackaging waste as necessary in DOT approved shipping containers.
- Contractor is responsible for providing appropriate labels to meet shipping requirements.
- Contractor is responsible for excavation and loading containers with contractor provided equipment and labor.

- Contractor is responsible for transport of waste to designated facilities within timeframes specified in the Vermont Hazardous Waste Management Regulations (VHWMR).
 - Contractor is responsible for submitting itemized invoice and forwarding copies of hazardous waste shipping papers to the appropriate parties within required time frames as specified in the VHWMR.
 - Contractor is required to provide a 24/7 toll-free phone number for placing orders and for answering questions about services provided.
4. **Identification of unknowns and management of abandoned waste:** The Contractor will provide for profiling, identification and the safe collection and disposal of abandoned hazardous waste or other unknown waste.
- Respond within 3 business days to calls for management of abandoned waste
 - Wear appropriate PPE in accordance with all regulations.
 - Perform field chemical screen for unknown wastes.
 - Provide analytical services to characterize waste if field screenings are not sufficient.
 - Provide on-site sample collection services.
 - Repack or over pack the container in which it was found.
 - Move waste to a safe area for the time required for lab analysis.
 - Manifest and provide safe disposal of waste.
 - Provide lab data and any other relevant information to the requesting Agency.
 - Bidders will provide a description of available field screening and in-house laboratory service and submit certification information for any contract laboratories used to perform analysis.
 - Contractor to provide a plan for identifying and managing abandoned or unknown waste.
5. **Recycling and disposal services:**
- Contract shall provide for the ultimate disposition of wastes at approved facilities through the following methods if appropriate:
 - Recycled
 - Reclaimed
 - Neutralized or treated
 - Fuel Blended
 - Incinerated
 - Landfilled
 - The contractor shall ensure that Receiving Facilities will recycle or reclaim; neutralize or treat; dispose of remaining waste material and send appropriate copies of all manifests back to the requesting facility within regulatory time limit.
 - The contractor will send a certificate of recycling for all recycled materials to the requesting facility.
 - The contractor will send a certificate of destruction for all non-recycled material to the requesting facility.
6. **Storage Containers:** Contractor will provide in their bid response a list of all storage containers necessary for proper handling of hazardous materials, including but not limited to: 5 gallon pail, 30 gallon drum, 55 gallon drum, cubic yards boxes.

7. **Emergency Response and Immediate Response Services:** Certain conditions require immediate emergency actions of limited scope and duration, to protect public health and the environment.
- Contractor is required to respond within three hours of being contacted by the requesting Agency.
 - 7.1.1. Equipment and personnel will be on-site and ready to begin work within two hours or other timeframe as approved by the requesting agency.
 - Contractor will provide a detailed description of available emergency response services and process for addressing emergency situations.
8. **Medical Waste Collection and Disposal:**
- Contractor will provide evidence of their ability to provide services for the following categories as defined by the Vermont Solid Waste Management Rules:
 - Pathological waste: human tissues, organs, and body parts
 - Human blood, blood products and other bodily fluids
 - Cultures and stocks of infectious agents
 - Contaminated sharps
 - Unused sharps
 - Infectious isolation waste
 - Animal and bird carcasses
 - Chemotherapy waste
 - At no added charge bidders will provide evidence of a full service program to include all packaging supplies and labels, transportation, proper disposal and manifesting of a requesting facility's infectious waste in compliance with all Federal, State and Local regulations.
 - Bidders will provide evidence of compliance with all Federal, State and Local regulations to include but not limited to samples of tracking system pick-up, transporting, disposing of medicals waste using a manifest system or similar system.
 - All transportation will be in a properly permitted and licensed vehicle in accordance with all Federal, State and Local regulations.
 - Bidders will transport medical regulated waste to a permitted and certified disposal location. Bidders will furnish a copy of the certification for permitting disposal of medical waste with a contingency plan to eliminate any potential interruption of service. All locations will be identified.
 - Contractor will pick-up between the hours of 8:00 AM- 3:00 PM Monday thru Friday.
 - Bidder will offer in-service education regarding medical waste disposal which will be conducted by qualified training personnel of the contractor's staff.
 - Bidders will identify current or proposed recycling methodologies that will be used to carry out their services under the contract.
9. **Permits:** Bidders will provide documentation that the all applicable transporters and receiving facilities possess all Federal, State and Local permits and licenses necessary to provide the services offered in response to this RFP. Documentation will include the dates and activities for which permits are valid, permit numbers, and the names of specific individuals at each regulatory agency that may be contact to discuss the permits. Please do not include a full copy with your submission; however one may be required upon request.
10. **Contractor Responsible Spills:** The Contractor is solely responsible for any and all spills or leaks that arise out of their contract obligation and which occur as a result of or are contributed to by the actions of its agents and employees. The Contractor shall be responsible for clean-up of spills in accordance with applicable federal,

state and local laws and regulations. The Contractor will clean up and dispose of spill debris at no addition cost to the State or Agency..

- 10.1. The contractor shall supply proof that they are currently approved and licensed by the Vermont Agency of Natural Resources and have no current violations.

ATTACHMENT B – PAYMENT PROVISIONS

The maximum dollar amount payable under this contract is not intended as any form of a guaranteed amount. The Contractor will be paid for products or services actually delivered or performed, as specified in Attachment A, up to the maximum allowable amount specified on page 1 of this contract.

1. Prior to commencement of work and release of any payments, Contractor shall submit to the State:
 - a. a certificate of insurance consistent with the requirements set forth in Attachment C, Section 8 (Insurance), and with any additional requirements for insurance as may be set forth elsewhere in this contract; and
 - b. a current IRS Form W-9 (signed within the last six months).
2. Payment terms are **Net 30** days from the date the State receives an error-free invoice with all necessary and complete supporting documentation.
3. Contractor shall submit detailed invoices itemizing all work performed during the invoice period, including the dates of service, rates of pay, hours of work performed, and any other information and/or documentation appropriate and sufficient to substantiate the amount invoiced for payment by the State. All invoices must include the Contract # for this contract.
4. Contractor shall submit invoices to the State in accordance with the schedule set forth in this Attachment B. Unless a more particular schedule is provided herein, invoices shall be submitted not more frequently than monthly.
5. Invoices shall be submitted to the State at the address of the requesting agency.
6. The payment schedule for delivered products, or rates for services performed, and any additional reimbursements, are as listed in Exhibit A: Price Schedule.

**ATTACHMENT C: STANDARD STATE PROVISIONS
FOR CONTRACTS AND GRANTS
REVISED DECEMBER 7, 2023**

“Attachment C: Standard State Provisions for Contracts and Grants” (revision version dated December 7, 2023) constitutes part of this Agreement and is hereby incorporated by reference as if fully set forth herein and shall apply to the purchase of all goods and/or services by the State under this Agreement.
