ATTACHMENT A – STATEMENT OF WORK

The Service Provider shall provide the State of Vermont with Telecommunications, Network Data and Internet Services as outlined below.

These services must support the cost effective, highly reliable telecommunications and network infrastructure to meet the current and future needs of the State.

The Service Providers must demonstrate their ability to provide and support network and telecommunications services that improve or optimize existing solutions.

Network:

- The State requires networking connectivity and services to connect State facilities, including datacenters, 3rd party providers, and the internet. Current examples include:
 - Ethernet (Ethernet Virtual Private Line)
 - Internet Connectivity (Ethernet-dedicated Internet Access, coax/cable, fiber, cellular, Wi-Fi and Satellite)
 - MPLS
 - VPLS
 - Point to Point
 - Dark Fiber
 - Wave Services (such as 10Gb)
 - Digital Subscriber Line Services (DSL)
 - Cable modem access and equipment
 - Dedicated data circuits – interstate and intrastate (Point to Point)
 - PRI
 - SIP Trunks
 - Public / Guest Wireless Internet
 - SDWAN

Telecommunications:

- The State requires a range of telecom services to support its employees and the services provided to the citizens of the State. Current examples include:
 - ISDN: primary rate
 - Local exchange
 - Traditional Business (POTS) lines
 - Calling card)
 - Centrex
 - Voicemail
 - VoIP
 - Directory assistance: interstate and intrastate
 - Toll services: interstate, intrastate, and international
 - Toll free 8XX Service: switched, interstate and intrastate

Geographic Coverage as noted below:

As of November 2022, the following table is the State's current locations with Service Provider's information regarding services that can provided at those locations.

Current State of Vermont Locations				
Universally Available Services				
CloudSecure				
DDoS Mitigation (requires an EDIA circuit)				
* Centrex is grandfathered, new lines may be added to existing system, but no new systems will be created.				
** Availability & Speeds subject to loop qualification. FiberConnect Availability will expand through life of contract as fiber builds continue.

Requirements for Ordering.

- a. The Agency of Digital Services (ADS) is responsible for overseeing and incorporating the design, development and installation of flexible cabling infrastructures for all State of Vermont facilities that require voice, data, video and/or multimedia services. The State Contact and ADS Telecommunications shall work closely with the Service Provider and the Agency/Department end users requiring services.
- b. Cabling contractors will accept work requests only from ADS Telecommunications. No department/agency is authorized to contact vendors directly for services required.
- c. There is no designated re-occurring maintenance window. Installation schedules are established through agreements with ADS Telecommunications, contract vendor(s), and department/agency requesting cabling installations, upgrades and/or maintenance.
- d. All work shall be performed Monday through Friday during normal working hours (7:45am-4:30pm) unless an occasion may arise which would require work to be performed after normal working hours or on Saturday, Sunday or Holidays.
- e. During non-business hours (after 4:30 PM and weekends/holidays) will be redirected to Contact Communications, the State's after-hours answering service. Issues requiring immediate action will be forwarded to ADS Telecom standby personnel who attempt to restore services for department/agency locations.
- f. To obtain services please fill out the Work Order Form attached to this contract and submit an Ivanti ticket to the ADS Service Desk.
- g. Orders made under this Contract must include a Purchase Order for the Product and/or Services. Orders funded by federal funds may include additional terms as necessary to comply with federal requirements.
- h. All orders placed under this Contract must include the Contract Number on the Purchase Order.

Work Order Initiation; Integration; and Delays.

Verbal or written orders shall only be accepted from the State's Network Engineering team along with a confirming State of Vermont work order issued after the initial request. All new services and existing services under the applicable Attachments will be ordered either (1) orally; or (2) through e-mail; (3) through Service Provider's on-line portal; or (4) via an Order Form. In any event, it shall be memorialized by the Service Provider in the parties' Workbook, which will be reviewed periodically on a schedule set by the parties and include, without limitation, the Monthly Recurring Charges, Non-Recurring Charges, Location and Quantity (the "Workbook"). All Services in the Workbook will continue for the Contract Term (including any renewals). Any estimated installation schedule agreed to by the parties is subject to any unforeseen problems such as crushed conduit, ITC issues, etc., at any particular site, and may result in a delay and charges to the State. Other than payment for amounts due hereunder, neither party is liable for any delay or failure in performance under the Contract (including SLA credits) arising out of a Force Majeure event.

Contractor Personnel

The Contractor shall provide a dedicated support team that will provide account general management, technical management, sales engineering, order provisioning, end to end installation support and invoicing services support, it being understood that State shall contact Contractor's applicable support centers for service-related issues (e.g., service interruptions).

Changes in Contractor Personnel. Contractor shall use reasonable efforts to make available all "Key Personnel" (those listed in table directly above) for the entire life of this Contract. Contractor shall provide the State with written notice should it change any of the Key Personnel. Notwithstanding the foregoing, the State acknowledges that Key Personnel may become unavailable due to termination of employment for any reason, through disability or death, illness, or through leave of absence such as FMLA or National Guard duty for example. In such circumstances, Contractor shall promptly notify the State in writing of the impending or actual departure of any Key Personnel and of the qualifications and identity of proposed replacement Key Personnel. The State has the right to reasonably disapprove of any replacement Key Personnel.

Control of Contractor Personnel. Contractor shall be fully responsible for the management, compensation, and performance of all its employees, and the filing of any and all returns and reports and the withholding and/or payment of all applicable federal, State, and local wage tax, or employment-related taxes, including, but not limited to, income taxes, gross receipt taxes, taxes measured by income, social security taxes, and unemployment taxes for Contractor and Contractor's employees. Notwithstanding the foregoing, Contractor's employees shall adhere to the State's reasonable policies and procedures, of which Contractor is made aware while on State premises and shall behave and perform in a professional manner. The State, may, in its reasonable discretion, require Contractor to replace any Contractor employee, including but not limited to Key Personnel, working hereunder who does not adhere to, behave, and perform consistent with the State's reasonable policies and procedures or a significant and material personality conflict arises with a Contractor employee and employee of the State by written notice to Contractor of the requirement of replacement. Contractor shall use reasonable efforts to promptly and expeditiously replace Key Personnel and replace all other personnel within thirty (30) days of receipt of the written notice of a failure to comply with the State's reasonable

policies and procedures or a significant and material personality conflicts arises with a Contractor employee and a State employee, unless otherwise mutually agreed.

All intellectual property of each party shall remain with the respective owner(s) and no right, title or interest will transfer to either party as a result of this Contract or the provision or receipt of services hereunder.

State Facilities

During the term of this Contract, the State may make available to Contractor space in any State facility applicable to the Services, subject to the conditions that Contractor: (i) other than incidental general Contractor obligations, shall only use such space solely and exclusively for and in support of the Services; (ii) other than incidental general Contractor obligations, shall not use State facilities to provide goods or services to or for the benefit of any third party; (iii) shall comply with the leases and reasonable security, use, rules and agreements applicable to the State facilities provided to Contractor by State in writing; (iv) shall not use State facilities for any unlawful purpose; (v) shall comply with all reasonable policies and procedures governing access to and use of State facilities that are provided to Contractor in writing; (vi) except as may be required to perform the Services, shall not photograph or record, duplicate, disclose, transmit or communicate any State information, materials, data or other items, tangible or intangible, obtained or available as a result of permitted use of State facilities; and (vii) return such space to the State in the same condition it was in at the commencement of this Contract, ordinary wear and tear excepted.

Early Termination Liability

Unless otherwise set forth in the pricing notes, any Services that are terminated by the State for convenience within the first twelve (12) months of the Contract Term applicable to such Services will not be subject to an early termination fee greater than (i) the monthly recurring charge applicable to such Service multiplied by the number of months remaining in the first twelve (12) months of the Service Term plus (ii) 100% of any remaining, unpaid Custom Installation Fees.

Termination for convenience of Services, after the first twelve (12) months of the Contract Term, shall not be subjected to the early termination fees outlined above. The State remains responsible to pay for all Services provided up to the date of any termination in one lump sum within thirty (30) days of billing.

For the avoidance of doubt, no early Termination Charges set forth in this Section or elsewhere will apply to a Service that is terminated due to a Chronic Outage (as defined in the Service Level Agreement), as a result of Contractor's failure to cure a material breach within thirty (30) days of Contractor's receipt of written notice of such failure, or due to non-appropriation in accordance with Attachment C Section 27.

General Expectations

The Service Provider will be required to attend Monthly Service Support meetings with the Network Engineering personnel. The account should be primarily staffed with individuals dedicated to and preferably based in the State of Vermont. The Service Provider will be expected to present performance statistics, chronic problem situations and status, proactive reviews and solutions, and current project status.

The Service Provider will also be expected to present bi-weekly coordination meetings where all requested work orders from the State Network Engineering group will be reviewed for completeness, accuracy and status.

The Service Provider shall submit quarterly reports detailing the State of Vermont accounts active under this Contract. The reports shall be submitted electronically and sent as an attachment to ADS.ITPurchasing@vermont.gov. Reports shall contain accurate information of account numbers, services rendered, service locations and the costs associated with them for the quarter. Any exception to this mandatory requirement or failure to submit complete reports, or in the format required, may result in corrective action.

Account Management

The Service Provider must provide a team of representatives to work in conjunction with the State regarding the management of equipment, new installations, service relocations, and functional changes. The team should include members in the following disciplines, all reachable via email and current cell phone or office telephone numbers, with backup resources available in the event of illness or vacation.

Account General Management: Review contract requirements and ensure that all terms and conditions are enforced.

Account Technical Management: Provide general management responsible to ensure continuous network operations and coordinate service installations, moves and changes.

Sales Engineering: Pre-order support staff, knowledgeable in-service engineering consulting, who can provide detailed itemized quotes for all services when requested.

Order Provisioning: Service Provider staff must be available to interpret State work order requests, work with State contacts to define service needs, and complete any necessary documentation for the Service Provider in order to complete the service implementation. Management of installation due dates, service progress and past dated services will be provided by this area.

Installation Support: Service Provider must provide support, personnel, and equipment for end-to-end connectivity, turn-up and operational verification of all services provided by the Service Provider.

Invoice Services Support: The Service Provider must provide financial representatives who can assist the State in understanding the invoicing system and take corrective actions to resolve billing issues.

Maintenance Notification

Scheduled Maintenance: The Service Provider shall provide, to the extent known (if at all), a yearly calendar of scheduled maintenance window with reminder notification one week prior to each window.

Customer Notification: The Service Provider shall state its standard customer notification process for planned network maintenance.

Non-critical Maintenance: Non-critical maintenance that does not fall within the published yearly scheduled windows must be communicated to the State two weeks prior to the event.

Planned Maintenance Notification: The State desires a minimum 72-hour advanced notification for planned network maintenance

Emergency Maintenance: The State desires 24-hour notice of emergency maintenance to the extent practical under the emergency circumstances at issue.

Redundancy Testing: The State reserves the right to request Redundancy testing prior or post any scheduled or non-scheduled maintenance or upgrades.

Availability: The State requests 99.95% availability, excluding scheduled maintenance. Preference is given to those Service Providers that hold to these standards.

Service Order Procedure

Service Installation Process: The State expects service to be installed within the time from the receipt of the State order. The Service Provider shall be solely responsible for the installation, maintenance, and administrative servicing of all services, during the life of the contract.

Service Testing: The Service Provider shall be responsible for end-to-end testing. Billing for an individual circuit will only start upon the successful completion of the installation and achievement of the service level agreement.

Installation and Coordination and Collaboration: For all services ordered for the State, the Service Provider shall notify and collaborate with the Network Engineering team of the anticipated and actual installation dates along with the appropriate circuit number, installation contact and contact information.

Work Order Initiation: Verbal or written orders should not be accepted from agencies or departments other than the Network Engineering team along with a confirming State of Vermont work order issued after the initial request.

Delivery Times/Repair

Service Delivery Quality Assurance: Service Provider shall ensure that orders shall be tested and fully operational prior to hand-off.

Service Delivery Intervals: Service Provider shall provide its standard turn up interval(s) for designated interconnection points.

Expedited Delivery Process: Service Provider shall explain the applicability of expedite fees for the interconnection service. Service Provider shall provide the options for the State if the standard interval cannot be met, i.e. can the State cancel the order without charge.

Service Procurement or Modification Process: Service Provider shall provide any requirements or procedures to the State to order moves, adds or changes or service disconnect. The Service Provider shall include all required order forms or an on-line portal.

Service Level Guarantees

Service Guarantees: Will be measured on a per unit level basis within each service (i.e. per circuit) with measurement over a monthly interval. These will not be based on a Statewide or network wide average.

Technical Performance Service Levels: These will be based on service availability, network latency, throughput, etc. Measurement methodology would be specific to each service and technology.

Service Delivery Performance: These would be based on standard order lead times, service installation and completion dates, testing and documentation provided at service turn-up, formal acceptance testing and verification of service quality, and delivery integrity against order specifications.

Operational Performance Service Levels: These would be based on performance of Mean time to Repair (MTTR) and Mean time Between Failures (based on analysis of trouble tickets) as well as overall problem responsiveness, escalation, and service monitoring.

Invoice Services Levels: These should be based on billing timeliness, accuracy and completeness as well as timely billing corrections and adjustments.

Reporting Requirements: Ensure compliance with monthly reporting requirements including technical performance requirements, service delivery requirements, operational requirements, and billing performance.

Initial Service Performance Validation (Probationary Period): For a fixed time period at the beginning of the contract term for each service, performance will be verified against the SLA requirements. The Service Provider shall be considered in breach of the contract if the agreed upon performance criteria are not met. After the initial validation period, material or frequent violation of the contract service level guarantees must allow for contract termination by the State without further liability.

Data Compliance

In connection with its provision of the Services under this Agreement, the Service Provider shall comply with applicable data security and privacy laws (including any applicable laws pertaining to Contractor's handling of Personally Identifiable Information (PII), notification of security breaches, social security number protection. With respect to Contractor's Ethernet Dedicated Internet Services, Ethernet Transport Services and Business Internet Services provided hereunder, Contractor shall adhere to the standards set forth in:

ATTACHMENT B – PAYMENT PROVISIONS

The maximum dollar amount payable under this contract is not intended as any form of a guaranteed amount. The Contractor will be paid for products or services actually delivered or performed, as specified in Attachment A, up to the maximum allowable amount specified on page 1 of this contract.

1. Prior to commencement of work and release of any payments, Contractor shall submit to the State:
 - a. a certificate of insurance consistent with the requirements set forth in Attachment C, Section 8 (Insurance), and with any additional requirements for insurance as may be set forth elsewhere in this contract; and
 - b. a current IRS Form W-9 (signed within the last six months).
2. Payment terms are Net 30 days from the date of invoice with all necessary and complete supporting documentation. Invoices shall itemize all work performed during the invoice period, including, as applicable, the dates of service, rates of pay, hours of work performed, and any other information and/or documentation appropriate and sufficient to substantiate the amount invoiced for payment. As applicable, a copy of the notice(s) of acceptance shall accompany invoices submitted for payment.
3. Invoices shall be sent to the address identified on the State Purchasing Entity's Purchase Order and shall specify the address to which payments will be sent. The State of Vermont Contract Number and State Purchasing Entity's Purchase Order Number shall appear on each invoice for all purchases placed under this Contract.
4. Contractor shall submit invoices to the State in accordance with the schedule set forth in this Attachment B. Unless a more particular schedule is provided herein, invoices shall be submitted not more frequently than monthly.
5. The payment schedule for delivered products, or rates for services performed, and any additional reimbursements, are as follows:

**ATTACHMENT C: STANDARD STATE PROVISIONS
FOR CONTRACTS AND GRANTS
REVISED DECEMBER 15, 2017**

“Attachment C: Standard State Provisions for Contracts and Grants” (revision version dated December 15, 2017) constitutes part of this Agreement and is hereby incorporated by reference as if fully set forth herein and shall apply to the purchase of all goods and/or services by the State under this Agreement. A copy of this document is available online at: <https://bgs.vermont.gov/purchasing-contracting/forms>.

STATE OF VERMONT- FEDERAL TERMS SUPPLEMENT (Non-Construction)
for all Contracts and Purchases of Products and Services Using Federal Funds
(Revision date: *June 27, 2022*)

PROCUREMENT OF RECOVERED MATERIALS

In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated Items unless the products cannot be acquired-

1. Competitively within a time frame providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price

Information about this requirement, along with the list of EPA-designated items, is available at the EPA's Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>.

The Contractor also agrees to comply with all other applicable requirements of section 6002 of the Solid Waste Disposal Act.

CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
2. The contractor agrees to report each violation to the State of Vermont and understands and agrees that the State of Vermont will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.
4. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
5. The contractor agrees to report each violation to the State of Vermont and understands and agrees that the State of Vermont will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
6. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA. **a.** Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Nonprocurement Debarment and Suspension).

CONTRACTOR BREACH, ERRORS AND OMISSIONS

1. Any breach of the terms of this contract, or material errors and omissions in the work product of the contractor must be corrected by the contractor at no cost to the State,.
2. Neither the States' review, approval or acceptance of nor payment for, the services required under this contract shall be construed to operate as a waiver of any rights under this contract or of any cause of action arising out of the performance of this contract.
3. The rights and remedies of the State provided for under this contract are in addition to any other rights and remedies provided by law or elsewhere in the contract.

TERMINATION FOR CONVENIENCE

1. General

- a. Any termination for convenience shall be effected by delivery to the Contractor an Order of Termination specifying the termination is for the convenience of the Agency, the extent to which performance of work under the Contract is terminated, and the effective date of the termination.
- b. In the event such termination occurs, without fault and for reasons beyond the control of the Contractor, all completed or partially completed items of work as of the date of termination will be paid for in accordance with the contract payment terms.
- c. No compensation will be allowed for items eliminated from the Contract.
- d. Termination of the Contract, or portion thereof, shall not relieve the Contractor of its contractual responsibilities for work completed and shall not relieve the Contractor's Surety of its obligation for and concerning any just claim arising out of the work performed.

2. Contractor Obligations

After receipt of the Notice of Termination and except as otherwise directed by the State, the Contractor shall immediately proceed to:

- a. To the extent specified in the Notice of Termination, stop work under the Contract on the date specified.
 - b. Place no further orders or subcontracts for materials, services, and/or facilities except as may be necessary for completion of such portion(s) of the work under the Contract as is (are) not terminated.
 - c. Terminate and cancel any orders or subcontracts for related to the services, except as may be necessary for completion of such portion(s) of the work under the Contract as is (are) not terminated.
 - d. Transfer to the State all completed or partially completed plans, drawings, information, and other property which, if the Contract had been completed, would be required to be furnished to the State.
 - e. Take other action as may be necessary or as directed by the State for the protection and preservation of the property related to the contract which is in the possession of the contractor and in which the State has or may acquire any interest.
 - f. Make available to the State all cost and other records relevant to a determination of an equitable settlement.
3. Claim by Contractor

After receipt of the Notice of Termination from the state, the Contractor shall submit any claim for additional costs not covered herein or elsewhere in the Contract within 60 days of the effective termination date, and not thereafter. Should the Contractor fail to submit a claim within the 60-day period, the State may, at its sole discretion, based on information available to it, determine what, if any, compensation is due the Contractor and pay the Contractor the determined amount.

4. Negotiation

Negotiation to settle a timely claim shall be for the sole purpose of reaching a settlement equitable to both the Contractor and the State. To the extent settlement is properly based on Contractor costs, settlement shall be based on actual costs incurred by the Contractor, as reflected by the contract rates. Consequential damages, loss of overhead, loss of overhead contribution of any kind, and/or loss of anticipated profits on

work not performed shall not be included in the Contractor's claim and will not be considered, allowed, or included as part of any settlement.

ATTACHMENT D
INFORMATION TECHNOLOGY PROFESSIONAL SERVICES
TERMS AND CONDITIONS (rev. 07/14/2022)

1. OWNERSHIP AND LICENSE IN DELIVERABLES

1.1 Contractor Intellectual Property. Contractor shall retain all right, title and interest in and to any work, ideas, inventions, discoveries, tools, methodology, computer programs, processes and improvements and any other intellectual property, tangible or intangible, that has been created by Contractor prior to entering into this Contract (“Contractor Intellectual Property”). Should the State require a license for the use of Contractor Intellectual Property in connection with the development or use of the items that Contractor is required to deliver to the State under this Contract, including Work Product (“Deliverables”), the Contractor shall grant the State a royalty-free license for such development and use. For the avoidance of doubt, Work Product shall not be deemed to include Contractor Intellectual Property, provided the State shall be granted an irrevocable, limited in time to the duration of the Contract, non-exclusive royalty-free license to use any such Contractor Intellectual Property that is incorporated into Work Product.

1.2 State Intellectual Property. The State shall retain all right, title and interest in and to (i) all content and all property, data and information furnished by or on behalf of the State or any agency, commission or board thereof, and to all information that is created under this Contract, including, but not limited to, all data that is generated under this Contract as a result of the use by Contractor, the State or any third party of any technology systems or knowledge bases that are developed for the State and used by Contractor hereunder, and all other rights, tangible or intangible; and (ii) all State trademarks, trade names, logos and other State identifiers, Internet uniform resource locators, State user name or names, Internet addresses and e-mail addresses obtained or developed pursuant to this Contract (collectively, “State Intellectual Property”).

Contractor may not use State Intellectual Property for any purpose other than as specified in this Contract. Upon expiration or termination of this Contract, Contractor shall return or destroy all State Intellectual Property and all copies thereof, and Contractor shall have no further right or license to such State Intellectual Property.

Contractor acquires no rights or licenses, including, without limitation, intellectual property rights or licenses, to use State Intellectual Property for its own purposes. In no event shall the Contractor claim any security interest in State Intellectual Property.

2. CONFIDENTIALITY AND NON-DISCLOSURE; SECURITY BREACH REPORTING

2.1 For purposes of this Contract, confidential information will not include information or material which (a) enters the public domain (other than as a result of a breach of this Contract); (b) was in the receiving party’s possession prior to its receipt from the disclosing party; (c) is independently developed by the receiving party without the use of confidential information; (d)

is obtained by the receiving party from a third party under no obligation of confidentiality to the disclosing party; or (e) is not exempt from disclosure under applicable State law.

2.2 Confidentiality of Contractor Information. The Contractor acknowledges and agrees that this Contract and any and all Contractor information obtained by the State in connection with this Contract are subject to the State of Vermont Access to Public Records Act, 1 V.S.A. § 315 et seq. The State will not disclose information for which a reasonable claim of exemption can be made pursuant to 1 V.S.A. § 317(c), including, but not limited to, trade secrets, proprietary information or financial information, including any formulae, plan, pattern, process, tool, mechanism, compound, procedure, production data, or compilation of information which is not patented, which is known only to the Contractor, and which gives the Contractor an opportunity to obtain business advantage over competitors who do not know it or use it.

The State shall immediately notify Contractor of any request made under the Access to Public Records Act, or any request or demand by any court, governmental agency or other person asserting a demand or request for Contractor information. Contractor may, in its discretion, seek an appropriate protective order, or otherwise defend any right it may have to maintain the confidentiality of such information under applicable State law within three business days of the State's receipt of any such request. Contractor agrees that it will not make any claim against the State if the State makes available to the public any information in accordance with the Access to Public Records Act or in response to a binding order from a court or governmental body or agency compelling its production. Contractor shall indemnify the State for any costs or expenses incurred by the State, including, but not limited to, attorneys' fees awarded in accordance with 1 V.S.A. § 320, in connection with any action brought in connection with Contractor's attempts to prevent or unreasonably delay public disclosure of Contractor's information if a final decision of a court of competent jurisdiction determines that the State improperly withheld such information and that the improper withholding was based on Contractor's attempts to prevent public disclosure of Contractor's information.

The State agrees that (a) it will use the Contractor information only as may be necessary in the course of performing duties, receiving services or exercising rights under this Contract; (b) it will provide at a minimum the same care to avoid disclosure or unauthorized use of Contractor information as it provides to protect its own similar confidential and proprietary information; (c) except as required by the Access to Records Act, it will not disclose such information orally or in writing to any third party unless that third party is subject to a written confidentiality agreement that contains restrictions and safeguards at least as restrictive as those contained in this Contract; (d) it will take all reasonable precautions to protect the Contractor's information; and (e) it will not otherwise appropriate such information to its own use or to the use of any other person or entity.

Contractor may affix an appropriate legend to Contractor information that is provided under this Contract to reflect the Contractor's determination that any such information is a trade secret, proprietary information or financial information at time of delivery or disclosure.

2.3 Confidentiality of State Information. In performance of this Contract, and any exhibit or schedule hereunder, the Party acknowledges that certain State Data (as defined below), to

which the Contractor may have access may contain individual federal tax information, personal protected health information and other individually identifiable information protected by State or federal law or otherwise exempt from disclosure under the State of Vermont Access to Public Records Act, 1 V.S.A. § 315 et seq (“State Data”). Before receiving or controlling State Data, the Contractor will have an information security policy that protects its systems and processes and media that may contain State Data from internal and external security threats and State Data from unauthorized disclosure, and will have provided a copy of such policy to the State.

State Data shall not be stored, accessed from, or transferred to any location outside the United States.

The Contractor agrees that (a) it will use the State Data only as may be necessary in the course of performing duties or exercising rights under this Contract; (b) it will provide at a minimum the same care to avoid disclosure or unauthorized use of State Data as it provides to protect its own similar confidential and proprietary information; (c) it will not publish, reproduce, or otherwise divulge any State Data in whole or in part, in any manner or form orally or in writing to any third party unless it has received written approval from the State and that third party is subject to a written confidentiality agreement that contains restrictions and safeguards at least as restrictive as those contained in this Contract; (d) it will take all reasonable precautions to protect the State’s information; and (e) it will not otherwise appropriate such information to its own use or to the use of any other person or entity. Contractor will take reasonable measures as are necessary to restrict access to State Data in the Contractor’s possession to only those employees on its staff who must have the information on a “need to know” basis. The Contractor shall not retain any State Data except to the extent required to perform the services under this Contract.

Contractor shall not access State user accounts or State Data, except in the course of data center operations, response to service or technical issues, as required by the express terms of this Contract, or at State’s written request.

Contractor may not share State Data with its parent company or other affiliate without State’s express written consent.

The Contractor shall promptly notify the State of any request or demand by any court, governmental agency or other person asserting a demand or request for State Data to which the Contractor or any third-party hosting service of the Contractor may have access, so that the State may seek an appropriate protective order.

3. SECURITY OF STATE INFORMATION.

3.1 Security Standards. To the extent Contractor has access to, processes, handles, collects, transmits, stores or otherwise deals with State Data, the Contractor represents and warrants that it has implemented and it shall maintain during the term of this Contract the highest industry standard administrative, technical, and physical safeguards and controls consistent with NIST *Special Publication 800-53* (version 4 or higher) and *Federal Information Processing Standards Publication 200* and designed to (i) ensure the security and confidentiality of State Data; (ii) protect against any anticipated security threats or hazards to the security or integrity of the State Data; and (iii) protect against unauthorized access to or use of State Data. Such measures shall

include at a minimum: (1) access controls on information systems, including controls to authenticate and permit access to State Data only to authorized individuals and controls to prevent the Contractor employees from providing State Data to unauthorized individuals who may seek to obtain this information (whether through fraudulent means or otherwise); (2) industry-standard firewall protection; (3) encryption of electronic State Data while in transit from the Contractor networks to external networks; (4) measures to store in a secure fashion all State Data which shall include multiple levels of authentication; (5) dual control procedures, segregation of duties, and pre-employment criminal background checks for employees with responsibilities for or access to State Data; (6) measures to ensure that the State Data shall not be altered or corrupted without the prior written consent of the State; (7) measures to protect against destruction, loss or damage of State Data due to potential environmental hazards, such as fire and water damage; (8) staff training to implement the information security measures; and (9) monitoring of the security of any portions of the Contractor systems that are used in the provision of the services against intrusion on a twenty-four (24) hour a day basis.

3.2 Security Breach Notice and Reporting. The Contractor shall have policies and procedures in place for the effective management of Security Breaches, as defined below, which shall be made available to the State upon request.

In the event of any actual security breach or reasonable belief of an actual security breach the Contractor either suffers or learns of that either compromises or could compromise State Data (a “Security Breach”), the Contractor shall notify the State within 24 hours of its discovery. Contractor shall immediately determine the nature and extent of the Security Breach, contain the incident by stopping the unauthorized practice, recover records, shut down the system that was breached, revoke access and/or correct weaknesses in physical security. Contractor shall report to the State: (i) the nature of the Security Breach; (ii) the State Data used or disclosed; (iii) who made the unauthorized use or received the unauthorized disclosure; (iv) what the Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure; and (v) what corrective action the Contractor has taken or shall take to prevent future similar unauthorized use or disclosure. The Contractor shall provide such other information, including a written report, as reasonably requested by the State. Contractor shall analyze and document the incident and provide all notices required by applicable law.

In accordance with Section 9 V.S.A. §2435(b)(3), the Contractor shall notify the Office of the Attorney General, or, if applicable, Vermont Department of Financial Regulation (“DFR”), within fourteen (14) business days of the Contractor’s discovery of the Security Breach. The notice shall provide a preliminary description of the breach. The foregoing notice requirement shall be included in the subcontracts of any of Contractor’s subcontractors, affiliates or agents which may be “data collectors” hereunder.

The Contractor agrees to fully cooperate with the State and assume responsibility at its own expense for the following, to be determined in the sole discretion of the State: (i) notice to affected consumers if the State determines it to be appropriate under the circumstances of any particular Security Breach, in a form recommended by the AGO; and (ii) investigation and remediation associated with a Security Breach, including but not limited to, outside investigation, forensics, counsel, crisis management and credit monitoring, in the sole determination of the State.

The Contractor agrees to comply with all applicable laws, as such laws may be amended from time to time (including, but not limited to, Chapter 62 of Title 9 of the Vermont Statutes and all applicable State and federal laws, rules or regulations) that require notification in the event of unauthorized release of personally-identifiable information or other event requiring notification.

In addition to any other indemnification obligations in this Contract, the Contractor shall fully indemnify and save harmless the State from any costs, loss or damage to the State resulting from a Security Breach or the unauthorized disclosure of State Data by the Contractor, its officers, agents, employees, and subcontractors.

4. CONTRACTOR'S REPRESENTATIONS AND WARRANTIES

4.1 General Representations and Warranties. The Contractor represents, warrants and covenants that:

- (i) The Contractor has all requisite power and authority to execute, deliver and perform its obligations under this Contract and the execution, delivery and performance of this Contract by the Contractor has been duly authorized by the Contractor.
- (ii) There is no pending litigation, arbitrated matter or other dispute to which the Contractor is a party which, if decided unfavorably to the Contractor, would reasonably be expected to have a material adverse effect on the Contractor's ability to fulfill its obligations under this Contract.
- (iii) The Contractor will comply with all laws applicable to its performance of the services and otherwise to the Contractor in connection with its obligations under this Contract.
- (iv) The Contractor (a) owns, or has the right to use under valid and enforceable agreements, all intellectual property rights reasonably necessary for and related to delivery of the services and provision of the services as set forth in this Contract; (b) shall be responsible for and have full authority to license all proprietary and/or third party software modules, including algorithms and protocols, that Contractor incorporates into its product; and (c) none of the services or other materials or technology provided by the Contractor to the State will infringe upon or misappropriate the intellectual property rights of any third party.
- (v) The Contractor has adequate resources to fulfill its obligations under this Contract.
- (vi) Neither Contractor nor Contractor's subcontractors has past state or federal violations, convictions or suspensions relating to miscoding of employees in NCCI job codes for purposes of differentiating between independent contractors and employees.

4.2 Contractor's Performance Warranties. Contractor represents and warrants to the State that:

- (i) Each and all of the services shall be performed in a timely, diligent, professional and skillful manner, in accordance with the highest professional or technical standards applicable to such services, by qualified persons with the technical skills, training and experience to perform such services in the planned environment.
- (ii) Any time software is delivered to the State, whether delivered via electronic media or the internet, no portion of such software or the media upon which it is stored or delivered will have any type of software routine or other element which is designed to facilitate unauthorized access to or intrusion upon; or unrequested disabling or erasure of; or

unauthorized interference with the operation of any hardware, software, data or peripheral equipment of or utilized by the State. Without limiting the generality of the foregoing, if the State believes that harmful code may be present in any software delivered hereunder, Contractor will, upon State's request, provide a new or clean install of the software. Notwithstanding the foregoing, Contractor assumes no responsibility for the State's negligence or failure to protect data from viruses, or any unintended modification, destruction or disclosure.

- (iii) To the extent Contractor resells commercial hardware or software it purchased from a third party, Contractor will, to the extent it is legally able to do so, pass through any such third party warranties to the State and will reasonably cooperate in enforcing them. Such warranty pass-through will not relieve the Contractor from Contractor's warranty obligations set forth herein.

5. PROFESSIONAL LIABILITY AND CYBER LIABILITY INSURANCE COVERAGE

In addition to the insurance required in Attachment C to this Contract, before commencing work on this Contract and throughout the term of this Contract, Contractor agrees to procure and maintain (a) Technology Professional Liability insurance for any and all services performed under this Contract, with minimum third party coverage of \$1,000,000.00 per claim, \$2,000,000.00 aggregate. To the extent Contractor has access to, processes, handles, collects, transmits, stores or otherwise deals with State Data, Contractor shall maintain first party Breach Notification Coverage of not less than \$1,000,000.00.

Before commencing work on this Contract the Contractor must provide certificates of insurance to show that the foregoing minimum coverages are in effect.

- 6. REMEDIES FOR DEFAULT.** In the event either party is in default under this Contract, the non-defaulting party may, at its option, pursue any or all of the remedies available to it under this Contract, including termination for cause, and at law or in equity.

7. TERMINATION

7.1 Contractor shall reasonably cooperate with other parties in connection with all services to be delivered under this Contract, including without limitation any successor provider to whom State Data, State Intellectual Property or other State information and materials are to be transferred in connection with termination. Contractor shall assist the State in exporting and extracting any and all State data, in a format usable without the use of the Services and as agreed to by State, at no additional cost. Any transition services requested by State involving additional knowledge transfer and support may be subject to a contract amendment for a fixed fee or at rates to be mutually agreed upon by the parties.

If the State determines in its sole discretion that a documented transition plan is necessary, then no later than sixty (60) days prior to termination, Contractor and the State shall mutually prepare a Transition Plan identifying transition services to be provided.

7.2 Return of Property. Upon termination of this Contract for any reason whatsoever, Contractor shall immediately deliver to State all State Intellectual Property and State Data (including without limitation any Deliverables for which State has made payment in whole or in part), that are in the possession or under the control of Contractor in whatever stage of development and form of recordation such State property is expressed or embodied at that time.

8. DESTRUCTION OF STATE DATA. At any time during the term of this Contract within thirty days of (i) the State's written request or (ii) termination or expiration of this Contract for any reason, Contractor shall securely dispose of all copies, whether in written, electronic or other form or media, of State Data according to National Institute of Standards and Technology (NIST) approved methods, and certify in writing to the State that such State Data has been disposed of securely. Further, upon the relocation of State Data, Contractor shall securely dispose of such copies from the former data location according to National Institute of Standards and Technology (NIST) approved methods and certify in writing to the State that such State Data has been disposed of securely. Contractor shall comply with all reasonable directions provided by the State with respect to the disposal of State Data.

9. This contract includes provision of broadband Internet access service to the State. Provider hereby certifies that, as required in 3 V.S.A. § 349, except and to the extent it has been granted a waiver from the Secretary of Administration, it is in compliance with the consumer protection and net neutrality standards established in 3 V.S.A. § 348 in providing broadband Internet access service in the State of Vermont.

10. SOV Cybersecurity Standard Update 2022-01: Contractor confirms that all products and services provided to or for the use of the State under this Agreement shall be in compliance with *State of Vermont Cybersecurity Standard 22-01*, which prohibits the use of certain branded products in State information systems or any vendor system that is supporting State information systems, and is available on-line at:

**CARRIER ETHERNET
SERVICE LEVEL
AGREEMENT (“SLA”)**

POLICY

Consolidated Communications Enterprise Services, Inc. (“Consolidated”) is committed to providing a reliable, high- quality network to support its Carrier Ethernet Service (“Service”). The key component of the Service is Service Availability. If an Eligible Customer (as defined below, also referred to herein as a “Customer”) experiences a failure of this Service parameter, Consolidated Communications will provide Customer with an SLA Credit as described herein.

DEFINITIONS

“Consolidated Network” refers to our Service network from the Customer’s site to the Consolidated Communications network provider edge. The Consolidated Network includes the Consolidated side from the point of demarcation at the Customer’s site or premises (as specified in the corresponding Schedule), Consolidated Provided Local Access Circuits purchased directly through Consolidated, Consolidated customer premises equipment and networks and network equipment and Ethernet circuits owned or controlled by Consolidated. The Consolidated Network does not include the Consolidated service network at locations utilizing underlying network service providers or services utilizing network service providers outside of the operating territory of the Consolidated affiliate local exchange company (each referred to hereinafter as “Type II arrangements”).

“Eligible Customer” means any Customer who has purchased Service from Consolidated, excluding any Customer (i) whose connection terminates at a Customer edge router which is inactive, (ii) who is blocking, or who during the period in question, has blocked Consolidated from sending Internet control message protocol (“ICMP”) and simple network management protocol (“SNMP”) traffic to their Customer-premises router, (iii) who does not provide, or who during the period in question, has not provided the necessary access to personnel and facilities at the customer premises to enable Consolidated to perform comprehensive service troubleshooting, (iv) whose current contract term is not at least one (1) year in length (v) whose account is, or during the period in question, was not in good financial standing with Consolidated, or (iv) whose Service is provided using Type II arrangements.

“Consolidated Provided Local Access Circuit” means any leased circuit connecting a Customer's router to a Consolidated edge network that was ordered and is managed by Consolidated.

“Outage” means a time period during which the demarcation point UNI port (Ethernet

hand-off) is unable to send or receive ICMP traffic.

“Service Availability” is determined by metrics associated with the availability of the network elements under Consolidated’s control.

“SLA Credits” are defined as the credits to be provided to Customer by Consolidated for an outage under this Service Level Agreement.

Service Availability Agreement: The Consolidated Network will support up to 99.9% availability for a Consolidated provided local access circuit.

Committed Information Rate “CIR”: Consolidated provides 100% Committed Information Rates (CIR) on its Service. Each Service will be configured and provisioned to operate to the full CIR specified for the product. The Consolidated Next Generation Network is engineered to ensure that even during peak network load, the Service will be capable of transmitting or receiving network traffic (IP packets including data and packet overhead) within a 10% maximum variance of the CIR as averaged over a calendar month. Committed Information Rate does not apply to performance outside of the Consolidated Network. If the subscribed bandwidth throughput is not met, Consolidated will have 5 days to restore the throughput to specification. If Consolidated is unable to restore bandwidth throughput to the subscribed level, the Customer may elect 1) to terminate the service without early termination fees or other penalty by providing Consolidated with written notice of its desire to terminate, or 2) to downgrade without penalty to the service bandwidth rate that is being received.

Service interruptions caused by Consolidated’s planned network maintenance activities, maintenance at the Customer premises, failure or misconfiguration of Customer premises hardware, equipment or software, failures of Customer-managed or Independent Telephone Company-managed local access circuits, breach of the Service Agreement, and Force Majeure events will be ineligible for SLA Credits hereunder and shall not be included in the definition of “Outage”.

In order to be eligible for SLA Credits, Customer must report an Outage by opening a trouble ticket with Consolidated. The length of an outage is calculated based on outage information contained in trouble tickets (close date/time minus open date/time less any stop clock time).

SLA Credits: Customer is eligible for SLA Credit if Consolidated fails to meet its Service Availability goal. The credit the Customer is entitled to is determined by multiplying the applicable percentage shown in the below table by the monthly recurring charge (“MRC”) for the particular affected/non-performing Service.

Per Service Outage	Percentage Credit
Less than 43 minutes	No Credit
43 minutes up to 4 hours	10% of the MRC
4 hours up to 8 hours	25% of the MRC
8 hours up to 12 hours	40% of the MRC
Greater than 12 hours	50% of the MRC

A maximum SLA Credit of fifty percent (50%) of the monthly recurring charges for port and Consolidated Provided Local Access Circuits may be provided during any single month for non-redundant access circuit configurations and one hundred percent for redundant access circuit configurations

Chronic Outage. Should Customer's Service experience an outage on three (3) or more separate occasions totaling more than twelve (12) hours or of more than fifteen (15) hours on one (1) occasion during any single standard billing period (a "Chronic Outage"), Customer may terminate the subject Services prior to the end of the Service Term without incurring early termination charges.

Customer must notify Consolidated of any election to terminate pursuant to this SLA in writing within thirty (30) days of any Chronic Outage giving rise to a right of such election. Customer may only terminate Service that experiences a Chronic Outage as described above.

This SLA sets forth Customer's sole and exclusive remedy for Chronic Outages or any outages of Service.

SLA Credits

SERVICE CREDIT PROCESS

Filing Period: Claims for SLA Credits must be submitted to Consolidated within one (1) week of the outages occurrence.

Required Information

The claim for SLA Credit must include the following information:

- Customer name
- Customer's Contact's name, telephone number and e-mail address

- Customer Billing Account Number
- Circuit Identification Number
- Date and beginning/end time of outage
- Trouble Ticket Number
- Brief description of the characteristics of the outage

Claim Process

Customer must submit the required information above in writing to stvorders@consolidated.com. Consolidated will acknowledge all claims within two (2) business days and will review all claims within five (5) business days of receipt. Customer will be informed by email or telephone whether the claim for SLA Credit will be granted or rejected. If rejected, the notification will specify the basis for rejection.

Credit Process

Approved SLA Credits will be applied to the Customer's billing during the billing cycle following the approval of the claim for SLA Credits.

Policy Change

Consolidated reserves the right to change, amend or revise this policy at any time.
