**AGENCY OF HUMAN SERVICES' CUSTOMARY CONTRACT/GRANT PROVISIONS**

1. **Definitions:** For purposes of this Attachment F, the term “Agreement” shall mean the form of the contract or grant, with all of its parts, into which this Attachment F is incorporated. The meaning of the term “Party” when used in this Attachment F shall mean any named party to this Agreement *other than* the State of Vermont, the Agency of Human Services (AHS) and any of the departments, boards, offices and business units named in this Agreement. As such, the term “Party” shall mean, when used in this Attachment F, the Contractor or Grantee with whom the State of Vermont is executing this Agreement. If Party, when permitted to do so under this Agreement, seeks by way of any subcontract, sub-grant or other form of provider agreement to employ any other person or entity to perform any of the obligations of Party under this Agreement, Party shall be obligated to ensure that all terms of this Attachment F are followed. As such, the term “Party” as used herein shall also be construed as applicable to, and describing the obligations of, any subcontractor, sub-recipient or sub-grantee of this Agreement. Any such use or construction of the term “Party” shall not, however, give any subcontractor, sub-recipient or sub-grantee any substantive right in this Agreement without an express written agreement to that effect by the State of Vermont.
2. **Agency of Human Services:** The Agency of Human Services is responsible for overseeing all contracts and grants entered by any of its departments, boards, offices and business units, however denominated. The Agency of Human Services, through the business office of the Office of the Secretary, and through its Field Services Directors, will share with any named AHS-associated party to this Agreement oversight, monitoring and enforcement responsibilities. Party agrees to cooperate with both the named AHS-associated party to this contract and with the Agency of Human Services itself with respect to the resolution of any issues relating to the performance and interpretation of this Agreement, payment matters and legal compliance.
3. **Medicaid Program Parties** (*applicable to any Party providing services and supports paid for under Vermont’s Medicaid program and Vermont’s Global Commitment to Health Waiver*):

**Inspection and Retention of Records:** In addition to any other requirement under this Agreement or at law, Party must fulfill all state and federal legal requirements, and will comply with all requests appropriate to enable the Agency of Human Services, the U.S. Department of Health and Human Services (along with its Inspector General and the Centers for Medicare and Medicaid Services), the Comptroller General, the Government Accounting Office, or any of their designees: (i) to evaluate through inspection or other means the quality, appropriateness, and timeliness of services performed under this Agreement; and (ii) to inspect and audit any records, financial data, contracts, computer or other electronic systems of Party relating to the performance of services under Vermont’s Medicaid program and Vermont’s Global Commitment to Health Waiver. Party will retain for ten years all documents required to be retained pursuant to 42 CFR 438.3(u).

**Subcontracting for Medicaid Services:** Notwithstanding any permitted subcontracting of services to be performed under this Agreement, Party shall remain responsible for ensuring that this Agreement is fully performed according to its terms, that subcontractor remains in compliance with the terms hereof, and that subcontractor complies with all state and federal laws and regulations relating to the Medicaid program in Vermont. Subcontracts, and any service provider agreements entered into by Party in connection with the performance of this Agreement, must clearly specify in writing the responsibilities of the subcontractor or other service provider and Party must retain the authority to revoke its subcontract or service provider agreement or to impose other sanctions if the performance of the subcontractor or service provider is inadequate or if its performance deviates from any requirement of this Agreement. Party shall make available on request all contracts, subcontracts and

service provider agreements between the Party, subcontractors and other service providers to the Agency of Human Services and any of its departments as well as to the Center for Medicare and Medicaid Services.

**Medicaid Notification of Termination Requirements:** Party shall follow the Department of Vermont Health Access Managed-Care-Organization enrollee-notification requirements, to include the requirement that Party provide timely notice of any termination of its practice.

**Encounter Data:** Party shall provide encounter data to the Agency of Human Services and/or its departments and ensure further that the data and services provided can be linked to and supported by enrollee eligibility files maintained by the State.

**Federal Medicaid System Security Requirements Compliance:** Party shall provide a security plan, risk assessment, and security controls review document within three months of the start date of this Agreement (and update it annually thereafter) in order to support audit compliance with 45 CFR 95.621 subpart F, *ADP System Security Requirements and Review Process*.

4. **Workplace Violence Prevention and Crisis Response** (*applicable to any Party and any subcontractors and sub-grantees whose employees or other service providers deliver social or mental health services directly to individual recipients of such services*):

Party shall establish a written workplace violence prevention and crisis response policy meeting the requirements of Act 109 (2016), 33 VSA §8201(b), for the benefit of employees delivering direct social or mental health services. Party shall, in preparing its policy, consult with the guidelines promulgated by the U.S. Occupational Safety and Health Administration for *Preventing Workplace Violence for Healthcare and Social Services Workers*, as those guidelines may from time to time be amended.

Party, through its violence protection and crisis response committee, shall evaluate the efficacy of its policy, and update the policy as appropriate, at least annually. The policy and any written evaluations thereof shall be provided to employees delivering direct social or mental health services.

Party will ensure that any subcontractor and sub-grantee who hires employees (or contracts with service providers) who deliver social or mental health services directly to individual recipients of such services, complies with all requirements of this Section.

5. **Non-Discrimination:**

Party shall not discriminate, and will prohibit its employees, agents, subcontractors, sub-grantees and other service providers from discrimination, on the basis of age under the Age Discrimination Act of 1975, on the basis of handicap under section 504 of the Rehabilitation Act of 1973, on the basis of sex under Title IX of the Education Amendments of 1972, and on the basis of race, color or national origin under Title VI of the Civil Rights Act of 1964. Party further shall comply with the non-discrimination requirements of Title VI of the Civil Rights Act of 1964, 42 USC Section 2000d, et seq., and with the federal guidelines promulgated pursuant to Executive Order 13166 of 2000, requiring that contractors and subcontractors receiving federal funds assure that persons with limited English proficiency can meaningfully access services. To the extent Party provides assistance to individuals with limited English proficiency through the use of oral or written translation or interpretive services, such individuals cannot be required to pay for such services.

6. **Employees and Independent Contractors:**

Party agrees that it shall comply with the laws of the State of Vermont with respect to the appropriate classification of its workers and service providers as “employees” and “independent contractors” for all purposes, to include for purposes related to unemployment compensation insurance and workers compensation coverage, and proper payment and reporting of wages. Party agrees to ensure that all of its subcontractors or sub-grantees also remain in legal compliance as to the appropriate classification of “workers” and “independent contractors” relating to unemployment compensation insurance and workers compensation coverage, and proper payment and reporting of wages. Party will on request provide to the Agency of Human Services information pertaining to the classification of its employees to include the basis for the classification. Failure to comply with these obligations may result in termination of this Agreement.

7. **Data Protection and Privacy:**

**Protected Health Information:** Party shall maintain the privacy and security of all individually identifiable health information acquired by or provided to it as a part of the performance of this Agreement. Party shall follow federal and state law relating to privacy and security of individually identifiable health information as applicable, including the Health Insurance Portability and Accountability Act (HIPAA) and its federal regulations.

**Substance Abuse Treatment Information:** Substance abuse treatment information shall be maintained in compliance with 42 C.F.R. Part 2 if the Party or subcontractor(s) are Part 2 covered programs, or if substance abuse treatment information is received from a Part 2 covered program by the Party or subcontractor(s).

**Data Breaches:** Party shall report to AHS, through its Chief Information Officer (CIO), any impermissible use or disclosure that compromises the security, confidentiality or privacy of any form of protected personal information identified above within 24 hours of the discovery of the breach. Party shall in addition comply with any other data breach notification requirements required under federal or state law.

8. **Abuse and Neglect of Children and Vulnerable Adults:**

**Abuse Registry.** Party agrees not to employ any individual, to use any volunteer or other service provider, or to otherwise provide reimbursement to any individual who in the performance of services connected with this agreement provides care, custody, treatment, transportation, or supervision to children or to vulnerable adults if there has been a substantiation of abuse or neglect or exploitation involving that individual. Party is responsible for confirming as to each individual having such contact with children or vulnerable adults the non-existence of a substantiated allegation of abuse, neglect or exploitation by verifying that fact through (a) as to vulnerable adults, the Adult Abuse Registry maintained by the Department of Disabilities, Aging and Independent Living and (b) as to children, the Central Child Protection Registry (unless the Party holds a valid child care license or registration from the Division of Child Development, Department for Children and Families). See 33 V.S.A. §4919(a)(3) and 33 V.S.A. §6911(c)(3).

9. **Information Technology Systems:**

**Computing and Communication:** Party shall select, in consultation with the Agency of Human Services' Information Technology unit, one of the approved methods for secure access to the State's systems and data, if required. Approved methods are based on the type of work performed by the Party as part of this agreement. Options include, but are not limited to:

1. Party's provision of certified computing equipment, peripherals and mobile devices, on a separate Party's network with separate internet access. The Agency of Human Services' accounts may or may not be provided.
2. State supplied and managed equipment and accounts to access state applications and data, including State issued active directory accounts and application specific accounts, which follow the National Institutes of Standards and Technology (NIST) security and the Health Insurance Portability & Accountability Act (HIPAA) standards.

**Intellectual Property/Work Product Ownership:** All data, technical information, materials first gathered, originated, developed, prepared, or obtained as a condition of this agreement and used in the

performance of this agreement -- including, but not limited to all reports, surveys, plans, charts, literature, brochures, mailings, recordings (video or audio), pictures, drawings, analyses, graphic representations, software computer programs and accompanying documentation and printouts, notes and memoranda, written procedures and documents, which are prepared for or obtained specifically for this agreement, or are a result of the services required under this grant -- shall be considered "work for hire" and remain the property of the State of Vermont, regardless of the state of completion unless otherwise specified in this agreement. Such items shall be delivered to the State of Vermont upon 30-days notice by the State. With respect to software computer programs and / or source codes first developed for the State, all the work shall be considered "work for hire," i.e., the State, not the Party (or subcontractor or sub-grantee), shall have full and complete ownership of all software computer programs, documentation and/or source codes developed.

Party shall not sell or copyright a work product or item produced under this agreement without explicit permission from the State of Vermont.

If Party is operating a system or application on behalf of the State of Vermont, Party shall not make information entered into the system or application available for uses by any other party than the State of Vermont, without prior authorization by the State. Nothing herein shall entitle the State to pre-existing Party's materials.

Party acknowledges and agrees that should this agreement be in support of the State's implementation of the Patient Protection and Affordable Care Act of 2010, Party is subject to the certain property rights provisions of the Code of Federal Regulations and a Grant from the Department of Health and Human Services, Centers for Medicare & Medicaid Services. Such agreement will be subject to, and incorporates here by reference, 45 CFR 74.36, 45 CFR 92.34 and 45 CFR 95.617 governing rights to intangible property.

**Security and Data Transfers:** Party shall comply with all applicable State and Agency of Human Services' policies and standards, especially those related to privacy and security. The State will advise the Party of any new policies, procedures, or protocols developed during the term of this agreement as they are issued and will work with the Party to implement any required.

Party will ensure the physical and data security associated with computer equipment, including desktops, notebooks, and other portable devices, used in connection with this Agreement. Party will also assure that any media or mechanism used to store or transfer data to or from the State includes industry standard security mechanisms such as continually up-to-date malware protection and encryption. Party will make every reasonable effort to ensure media or data files transferred to the State are virus and spyware free. At the conclusion of this agreement and after successful delivery of the data to the State, Party shall securely delete data (including archival backups) from Party's equipment that contains individually identifiable records, in accordance with standards adopted by the Agency of Human Services.

Party, in the event of a data breach, shall comply with the terms of Section 7 above.

10. **Other Provisions:**

**Environmental Tobacco Smoke.** Public Law 103-227 (also known as the Pro-Children Act of 1994) and Vermont's Act 135 (2014) (An act relating to smoking in lodging establishments, hospitals, and child care facilities, and on State lands) restrict the use of tobacco products in certain settings. Party shall ensure that no person is permitted: (i) to use tobacco products or tobacco substitutes as defined in 7 V.S.A. § 1001 on the premises, both indoor and outdoor, of any licensed child care center or

afterschool program at any time; (ii) to use tobacco products or tobacco substitutes on the premises, both indoor and in any outdoor area designated for child care, health or day care services, kindergarten, pre-kindergarten, elementary, or secondary education or library services; and (iii) to use tobacco products or tobacco substitutes on the premises of a licensed or registered family child care home while children are present and in care. Party will refrain from promoting the use of tobacco products for all clients and from making tobacco products available to minors.

Failure to comply with the provisions of the federal law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity. The federal Pro-Children Act of 1994, however, does not apply to portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where Women, Infants, & Children (WIC) coupons are redeemed.

**2-1-1 Database:** If Party provides health or human services within Vermont, or if Party provides such services near the Vermont border readily accessible to residents of Vermont, Party shall adhere to the "Inclusion/Exclusion" policy of Vermont's United Way/Vermont 211 (Vermont 211), and will provide to Vermont 211 relevant descriptive information regarding its agency, programs and/or contact information as well as accurate and up to date information to its database as requested. The "Inclusion/Exclusion" policy can be found at [www.vermont211.org](http://www.vermont211.org).

**Voter Registration:** When designated by the Secretary of State, Party agrees to become a voter registration agency as defined by 17 V.S.A. §2103 (41), and to comply with the requirements of state and federal law pertaining to such agencies.

**Drug Free Workplace Act:** Party will assure a drug-free workplace in accordance with 45 CFR Part 76.

“AHS” means the Vermont Agency of Human Services.

“Client” means an individual or family who is voluntarily served by a department, office, program, Contractor or grantee of the Agency of Human Services.

“Contractor” means an individual or entity with whom the Agency or any of its departments, offices, or programs has a contract to provide personal services.

“Employee” means any person who works in a full-time, part-time, temporary or contractual position for the Agency or any of its departments, offices, or programs.

1.6 “Grantee” means an individual or entity with whom the Agency or any part thereof has a grant to provide personal services.

1.7 “Program” means a set of services, (such as determining and processing ANFC benefits, verifying and setting up delivery for WIC foods) for which the Agency bears fiscal responsibility.

1.8 “Administrative Obligations” means activities pursuant to federal or state laws or regulations (such as verification of eligibility, verification of service delivery, detection of fraud, monitoring of quality assurance, audit of expenditure reports) which provide for accountability in the use of public funds.

### Basic Principles

#### Presumption of Confidentiality

All information specific to, and identifying of, individuals and families is presumed to be confidential and subject to these standards. Employees shall not disclose the information unless a specific exception to the presumption applies or the disclosure is authorized by the client, a court or as otherwise authorized by law or rule.

#### Existing Statutes

These rules are not intended to expand or diminish current provisions in law relating to disclosure of confidential information.

## Information Collection

Employees shall collect and record only that information needed to fulfill the goal of serving the client and meeting administrative or legal obligations.

## Informing Clients

At the initial meeting with each client, or within two weeks, employees shall review and offer to provide the rules for access to information to the client.

## Permissible Disclosures

### Client consent

No information about a client shall be released without prior consent from the client, unless directly connected with the administration of a program or necessary for compliance with federal or state laws or regulations.

### Sharing "Non-identifiable" Information

Information that does not identify a client may be used for statistical research, forecasting program needs, or other such purposes.

### Public Information

Information defined as public by 1 VSA & 317 or other applicable statute is available to the public. The procedures in the public records statute shall be followed before public information is released.

### Information Sharing for Administrative Purposes

Employees may share information which is necessary to satisfy the Agency's administrative obligations. Departments will develop written agreements limiting the kinds of information to be shared when programs are jointly administered by different Departments. No information shall be released to a person or entity that is out of state, unless directly connected with the administration of a program or necessary for compliance with federal or state laws or regulations.

### Disclosure Without Consent in Limited Circumstances

Employees must release sufficient information to comply with mandatory reporting requirements for cases involving the abuse, neglect, or exploitation of children and persons who are elderly or who have disabilities. Information may be released without consent when Vermont law creates a duty to warn identified individuals of potential harm to their person or property, in response to court orders, or to investigate or report criminal activity as required by federal or state law or regulation. Only information relevant to the situation shall be disclosed. The employee shall document the date, purpose and content of the report, the name, address

and affiliation of the person to whom the information was released, and shall notify the client that the information was disclosed.

## **Procedures Related to Consent**

### **Obtaining Informed Consent**

Prior to releasing confidential information the Agency shall obtain the client's informed consent. This includes providing information about consent in a language and format understandable to the client. Reasonable accommodations shall be made for special needs based on the individual or family's education, culture, or disability. Employees shall inform clients that granting consent is not a pre-requisite for receiving services, and shall explain that they may apply for services separately.

### **Consent of Minors to Release of Information**

Employees shall obtain the consent of a minor client to release information concerning treatment for which parental consent is not required.

### **Format for Consent to Share Information**

Consent for the sharing or release of information shall ordinarily be in writing. If an emergency situation requires granting of verbal consent, written consent shall be obtained at the next office visit or within thirty days, whichever comes sooner. Required information will include:

1. Names of the people about whom information may be shared.
2. A checklist of the kinds of information to be shared.
3. A checklist of the departments within the Agency to receive the information.
4. A statement or date covering expiration of consent.
5. A statement about procedures for revoking consent.

7. Signature of the individual explaining the consent process with their position and job title.
8. A space to provide individualized instructions.

A copy of the consent form shall be provided to all signatories.

### **Client Access to Records**

Unless prohibited by federal or state law or regulation, clients shall be permitted to view and obtain copies of their records. Each department within the Agency shall have written procedures which permit clients to verify personal information they have provided for accuracy and completeness and for placing amendments to the information in their files. Employees shall take reasonable steps to present records in a form accessible to the client, including but not

limited to large type format or verbal review. A fee not to exceed the actual cost of copying may be charged for records exceeding 10 pages. This fee shall be waived if it would prohibit access.

## **Procedures to Protect Confidentiality**

### **Staff Training**

All AHS employees and all AHS volunteers and interns, shall be instructed in these rules. AHS shall train their Contractors and grantees who shall, in turn, provide the same instruction for their employees, interns, and volunteers.

### **Response to Requests for Information**

An employee shall not respond to requests from outside the Agency for information about clients even to acknowledge that the person is a client, unless authorized. If a client has consented to or requests that information be released, the employee shall comply with the request.

### **Designated Individual**

Each agency or department shall appoint one or more trained staff members to be responsible for responding to all requests for client information when there is no written consent to release, and no statutory or administrative authority permitting release of the requested information. These individuals shall be specially trained in maintaining confidentiality. A list of the designated individuals for each department and office shall be maintained in the Attorney General's Office, Human Services Division.

### **Affirmation of Understanding**

Employees shall sign an affirmation that they will comply with these rules. This affirmation shall be part of their personnel files. Supervisors shall review this affirmation during annual evaluations. Violation of these rules shall result in disciplinary action.

### **Written Agreements with Grantees or Contractors**

The following assurance, or one similar to it, will be included in all AHS grants/contracts signed after these rules have been approved:

[Grantee/Contractor] agrees to comply with the requirements of AHS Rule No. 96-23 concerning access to information. The Contractor shall require all of its employees to sign the AHS Affirmation of Understanding or an equivalent statement.

### **Client Referrals**

When referring a client to another agency for services, if the referral does not meet the

criteria for permissible disclosures under Section 3.4, the initial agency shall obtain the consent of the client for the referral and alert the receiving agency that confidential client information accompanies the referral.

### **Documentation of Disclosure**

Requests for disclosures of client information shall be maintained in the client's file if the request does not meet the definition of a permissible disclosure under Section 3.4. Employees shall document in writing any information actually disclosed, along with the name of the person/agency to whom it was disclosed and the date of the disclosure. When permissible disclosures are made under Section 3.4; documentation may be limited to the name of the department/agency/program to whom the disclosure was made.

### **Information Systems**

#### **Computerized Information**

When developing a computerized data system, the Agency shall:

1. Develop security procedures consistent with the rule;
2. Instruct staff in the security procedures;

#### **Security Procedures**

The Agency shall develop a protocol which is consistent with the requirements of this rule to safeguard confidential client information. Contractors and grantees shall also develop a protocol or shall adopt the protocol of the Agency. The protocol shall be designed to safeguard written information, data in computer systems, and verbal exchange of information. The protocol shall prohibit unauthorized access to records and include an appropriate disciplinary process for violations of the security rules.

“Client” means an individual or family who is voluntarily served by a department, office, program, Contractor or grantee of the Agency of Human Services.

“Contractor” means an individual or entity with whom the Agency or any of its departments, offices, or programs has a contract to provide personal services.

1.8 “Administrative Obligations” means activities pursuant to federal or state laws or regulations (such as verification of eligibility, verification of service delivery, detection of fraud, monitoring of quality assurance, audit of expenditure reports) which provide for accountability in the use of public funds.

### Basic Principles

#### Presumption of Confidentiality

All information specific to, and identifying of, individuals and families is presumed to be confidential and subject to these standards. Employees shall not disclose the information unless a specific exception to the presumption applies or the disclosure is authorized by the client, a court or as otherwise authorized by law or rule.

#### Existing Statutes

These rules are not intended to expand or diminish current provisions in law relating to disclosure of confidential information.

## Information Collection

Employees shall collect and record only that information needed to fulfill the goal of serving the client and meeting administrative or legal obligations.

## Informing Clients

At the initial meeting with each client, or within two weeks, employees shall review and offer to provide the rules for access to information to the client.

## Permissible Disclosures

### Client consent

No information about a client shall be released without prior consent from the client, unless directly connected with the administration of a program or necessary for compliance with federal or state laws or regulations.

### Sharing "Non-identifiable" Information

Information that does not identify a client may be used for statistical research, forecasting program needs, or other such purposes.

### Public Information

Information defined as public by 1 VSA & 317 or other applicable statute is available to the public. The procedures in the public records statute shall be followed before public information is released.

### Information Sharing for Administrative Purposes

Employees may share information which is necessary to satisfy the Agency's administrative obligations. Departments will develop written agreements limiting the kinds of information to be shared when programs are jointly administered by different Departments. No information shall be released to a person or entity that is out of state, unless directly connected with the administration of a program or necessary for compliance with federal or state laws or regulations.

### Disclosure Without Consent in Limited Circumstances

Employees must release sufficient information to comply with mandatory reporting requirements for cases involving the abuse, neglect, or exploitation of children and persons who are elderly or who have disabilities. Information may be released without consent when Vermont law creates a duty to warn identified individuals of potential harm to their person or property, in response to court orders, or to investigate or report criminal activity as required by federal or state law or regulation. Only information relevant to the situation shall be disclosed. The employee shall document the date, purpose and content of the report, the name, address

and affiliation of the person to whom the information was released, and shall notify the client that the information was disclosed.

## **Procedures Related to Consent**

### **Obtaining Informed Consent**

Prior to releasing confidential information the Agency shall obtain the client's informed consent. This includes providing information about consent in a language and format understandable to the client. Reasonable accommodations shall be made for special needs based on the individual or family's education, culture, or disability. Employees shall inform clients that granting consent is not a pre-requisite for receiving services, and shall explain that they may apply for services separately.

### **Consent of Minors to Release of Information**

Employees shall obtain the consent of a minor client to release information concerning treatment for which parental consent is not required.

### **Format for Consent to Share Information**

Consent for the sharing or release of information shall ordinarily be in writing. If an emergency situation requires granting of verbal consent, written consent shall be obtained at the next office visit or within thirty days, whichever comes sooner. Required information will include:

1. Names of the people about whom information may be shared.
2. A checklist of the kinds of information to be shared.
3. A checklist of the departments within the Agency to receive the information.
4. A statement or date covering expiration of consent.

7. Signature of the individual explaining the consent process with their position and job title.
8. A space to provide individualized instructions.

A copy of the consent form shall be provided to all signatories.

### **Client Access to Records**

Unless prohibited by federal or state law or regulation, clients shall be permitted to view and obtain copies of their records. Each department within the Agency shall have written procedures which permit clients to verify personal information they have provided for accuracy and completeness and for placing amendments to the information in their files. Employees shall take reasonable steps to present records in a form accessible to the client, including but not

limited to large type format or verbal review. A fee not to exceed the actual cost of copying may be charged for records exceeding 10 pages. This fee shall be waived if it would prohibit access.

## **Procedures to Protect Confidentiality**

### **Staff Training**

All AHS employees and all AHS volunteers and interns, shall be instructed in these rules. AHS shall train their Contractors and grantees who shall, in turn, provide the same instruction for their employees, interns, and volunteers.

### **Response to Requests for Information**

An employee shall not respond to requests from outside the Agency for information about clients even to acknowledge that the person is a client, unless authorized. If a client has consented to or requests that information be released, the employee shall comply with the request.

### **Designated Individual**

Each agency or department shall appoint one or more trained staff members to be responsible for responding to all requests for client information when there is no written consent to release, and no statutory or administrative authority permitting release of the requested information. These individuals shall be specially trained in maintaining confidentiality. A list of the designated individuals for each department and office shall be maintained in the Attorney General's Office, Human Services Division.

### **Affirmation of Understanding**

Employees shall sign an affirmation that they will comply with these rules. This affirmation shall be part of their personnel files. Supervisors shall review this affirmation during annual evaluations. Violation of these rules shall result in disciplinary action.

### **Written Agreements with Grantees or Contractors**

The following assurance, or one similar to it, will be included in all AHS grants/contracts signed after these rules have been approved:

[Grantee/Contractor] agrees to comply with the requirements of AHS Rule No. 96-23 concerning access to information. The Contractor shall require all of its employees to sign the AHS Affirmation of Understanding or an equivalent statement.

### **Client Referrals**

criteria for permissible disclosures under Section 3.4, the initial agency shall obtain the consent of the client for the referral and alert the receiving agency that confidential client information accompanies the referral.

### **Documentation of Disclosure**

Requests for disclosures of client information shall be maintained in the client's file if the request does not meet the definition of a permissible disclosure under Section 3.4. Employees shall document in writing any information actually disclosed, along with the name of the person/agency to whom it was disclosed and the date of the disclosure. When permissible disclosures are made under Section 3.4; documentation may be limited to the name of the department/agency/program to whom the disclosure was made.

### **Information Systems**

Contractors and grantees shall also develop a protocol or shall adopt the protocol of the Agency. The protocol shall be designed to safeguard written information, data in computer systems, and verbal exchange of information. The protocol shall prohibit unauthorized access to records and include an appropriate disciplinary process for violations of the security rules.
