 - 1.1.9.2. The ARCHITECT/ENGINEER shall work with the State during the construction of the Project to provide the administration of the contract between the State and the Contractor in accordance with the terms herein and consistent with the contract between the State and the Contractor, and the extent of his/her duties and responsibilities and the limitations of his/her authority as assigned therein shall not be modified without his/her written consent.

 - 1.1.9.5. The ARCHITECT/ENGINEER shall make periodic visits to the Project site, at least biweekly, and shall make such further visits when reasonably requested by the State, as to familiarize himself/herself with the progress and quality of the work performed and as to determine, on the basis of such visits, if such progress and quality are in accordance with the Contract Documents. The ARCHITECT/ENGINEER shall be responsible for project meeting minutes. In addition to this, the ARCHITECT/ENGINEER shall periodically report his/her findings thereon to the State, at such times as in the exercise of his/her professional judgment such findings are appropriate and at least monthly, at the conference provided for in Section 1.1.9.6, and further at such times as the State may reasonably request. The ARCHITECT/ENGINEER shall not be required to make exhaustive or continuous on-site inspections, except as required in the exercise of his/her professional judgment for said reports and, except in particular, to fulfill the commissioning requirements. The

ARCHITECT/ENGINEER shall not be responsible for construction means, methods, techniques, sequences or procedures or for safety precautions and programs in connection with the work, and he/she shall not be responsible for the Contractor's failure to carry out the work in accordance with the Contract Documents except as provided for herein specifically between the State and the ARCHITECT/ENGINEER.

- 1.1.9.6. In preparing the bid documents, to the extent that the ARCHITECT/ENGINEER utilizes sub-consultants for their expertise, such as, but not limited to: Landscape Architects, Civil, Structural, Mechanical, and Electrical Engineers, these consultants, in effect, become an extension of the ARCHITECT/ENGINEER. Where the term ARCHITECT/ENGINEER is used in Section 1.1.9.2 as well as 1.1.9.5, it shall include those sub-consultants when work is being performed in their area of expertise. For example, the Mechanical Engineer would inspect the under slab plumbing before it is backfilled, but then wouldn't necessarily be needed on site until the rest of the mechanical systems are being installed. The sub-consultant shall also be required to periodically inspect the progress of the "As-builts" and verify that they are up-to-date and verify such to the ARCHITECT/ENGINEER, before the ARCHITECT/ENGINEER issues the certificate of payment for that pay period.
- 1.1.9.7. Based upon his/her determinations and reports made under Section 1.1.9.5 of this Agreement and upon the Contractor's applications for payment, the ARCHITECT/ENGINEER shall once every month, after an on-site conference between the State, the Contractor and the ARCHITECT/ENGINEER, determine the amount then owing to the Contractor and shall then issue a certificate of payment for the amount agreed upon. The issuance of a Certificate for Payment shall constitute a representation by the ARCHITECT/ENGINEER to the State, based on such ARCHITECT/ENGINEER'S determination and report and the data supplied to him/her by the Contractor (without affecting his/her duties defined in Section 1.1.9.5.), that the work has progressed to the point indicated; that the quality of the work is in accordance with the Contract Documents (subject to the results of any specified subsequent tests required by the Contract Documents, to immaterial and insubstantial deviations from the Contract Documents, which will be corrected prior to completion, and to any further specific qualifications stated in the Certificate for Payment); and that the Contractor is entitled to such payment in the amount certified. Provided, however, the issuance of such certificate will not affect any obligations of the Contractor to the State. By issuing a certificate for payment, the ARCHITECT/ENGINEER shall not be deemed to represent that he/she has made any examination to ascertain how and for what purpose the Contractor has used the monies paid on account of the contract sum. ARCHITECT/ENGINEER shall not accept any part of the work on behalf of the State; ARCHITECT/ENGINEER may only recommend acceptance. Final acceptance is a right reserved solely to the State.
- 1.1.9.8. The ARCHITECT/ENGINEER shall be, in the first instance, the interpreter of the requirements of all Construction Documents, and shall have all requisite authority relating thereto for the purposes of authorizing the Contractor to proceed or stop with any component of the project after consultation and agreement with the State. The ARCHITECT/ENGINEER shall not be liable to the State for any loss or cost incurred by the State arising from delays in the construction schedule caused by any decision made by the ARCHITECT/ENGINEER in the reasonable exercise of professional judgment either to exercise or not to exercise his/her authority to stop the Work.
- 1.1.9.9. The ARCHITECT/ENGINEER shall review and respond to shop drawings, samples, and other submissions of the Contractor as in conformance with the design concept and information in the Contract Documents and the designs and plans relating to the project until approved or not requiring re-submission. The ARCHITECT/ENGINEER shall also review the submittal log at construction meetings and report to the State, on a monthly basis, their findings thereon.
- 1.1.9.10. The ARCHITECT/ENGINEER shall prepare all change orders and supporting data for the State's approval.
- 1.1.9.11. The ARCHITECT/ENGINEER shall conduct inspections to determine the Dates of Substantial Completion and Final Completion and shall receive written guarantees and related documents assembled by the Contractors and shall issue a final certificate of payment in accordance with Section 1.1.9.6.

- 1.1.9.12. The ARCHITECT/ENGINEER shall be responsible for system commissioning in accordance with the BGS Design Guidelines and as indicated in the BGS Commissioning Guidelines. Please see the BGS website <http://bgs.vermont.gov/facilities/forms>. The ARCHITECT/ENGINEER shall inspect, and document, each and every system to ensure that it complies with design intent, including but not limited to: system installation, system operation, and seasonal changeover.
- 1.1.9.13. Except in the manner specifically provided for herein, the ARCHITECT/ENGINEER shall not be responsible to the State for the acts or omissions of the Contractor or any of the Contractor's agents or employees, or any other person not an employee or agent of the ARCHITECT/ENGINEER performing work on the Project. The ARCHITECT/ENGINEER shall be responsible for and shall pay the amount of any increase in the total Contract Price or the total Change Order(s) Price, which increase results from an error, inconsistency, or omission in the Contract Documents or instructions.
- 1.1.9.14. ARCHITECT/ENGINEER shall furnish to the State, a complete set of marked-up drawings and specifications showing all the changes to the Construction Documents made by Addenda, Change Orders, Shop Drawings, RFIs and other information received from the Clerk; and General Contractor's As-built markups. The changes to the drawings are to be created on a separate layer in the DWG set and highlighted in a box, cloud or the like in the PDF set. The specifications are also to differentiate the changes made by highlighting in a box, cloud, etc. and be provided in Microsoft Word. These drawings and specifications shall be supplied within three (3) months of the date of Substantial Completion and before final payment.
- 1.1.9.15. 1.2. PROJECT REPRESENTATION BEYOND BASIC SERVICES

- 1.2.1. The State may at its option secure the services of a person or persons known as a Clerk-of-the-Works, referred to herein as a "Clerk". The Clerk(s) shall, for all purposes of this Agreement, report and be solely responsible to the State. The State may at any time dismiss the Clerk(s) for cause or convenience; however, any such action shall not affect the State's and ARCHITECT/ENGINEER'S obligations under this Agreement. In such event, the State shall use their best efforts to secure the services of a Clerk or Clerks under this paragraph as soon as is practicable if the State deems it necessary.
- 1.2.2. The Clerk(s) shall make continuous and complete on-site inspections of the work performed on the Project, to the extent reasonable under all circumstances. The on-site inspections of the work performed, and any reports prepared by the Clerk(s) will be made available to the ARCHITECT/ENGINEER for use in making his/her Determination and Report under this Agreement; however, the use of the Clerk's on-site inspections or reports does not relieve the ARCHITECT/ENGINEER from his/her obligations under Paragraph 1.1.9.6. of this Agreement and it is solely the responsibility of the ARCHITECT/ENGINEER to ensure that the work has progressed to the point indicated and that the quality of the work is in accordance with the Contract Documents. Further, through such on site observations by the Clerk(s), the ARCHITECT/ENGINEER shall endeavor to provide protection for the State against defects in the Work, but the furnishing of such Clerk(s) shall not: (1) make the ARCHITECT/ENGINEER responsible for the Contractor's failure to perform the Work in accordance with the Contract Documents; or (2) Relieve the ARCHITECT/ENGINEER from his/her obligation to exercise due diligence and ensure that the work has progressed to the point indicated and that the quality of the work is in accordance with the Contract Documents.

1.3. ADDITIONAL SERVICES

- 1.3.1. The following services are not covered in Paragraphs 1.1.4 through 1.1.9 If any of these Additional Services are authorized in writing by the State, they shall be provided by the ARCHITECT/ENGINEER and paid for by the State as hereinbefore provided.

Materials and equipment furnished by the State shall be included at current market prices, except that used materials and equipment shall be included as if purchased new for the Project.
- 3.3. Statements of Probable Construction Cost and Detailed Cost Estimates prepared by the ARCHITECT/ENGINEER represent his/her best judgment as a design professional familiar with the construction industry. It is recognized; however, that neither the ARCHITECT/ENGINEER nor the State has any control over the cost of labor, materials, or equipment, over construction contractors' methods of determining bid prices, or over competitive bidding or market conditions. ARTICLE 8 - TERMINATION OF AGREEMENT

- 8.1. This Agreement may be terminated by either party upon the giving of seven (7) days written notice to the other party. In the Event of termination by the State for any reason other than a failure to perform on the part of the ARCHITECT/ENGINEER, the ARCHITECT/ENGINEER shall be entitled to receive payment for the actual services rendered and for sums he/she irrevocably committed to the date of notice of termination. In the event that the ARCHITECT/ENGINEER shall be irrevocably committed to purchase any materials, supplies, or other tangible articles, the State shall be entitled to receive all such materials, supplies, or tangible articles when paid for. In the event of termination on the part of the ARCHITECT/ENGINEER, the ARCHITECT/ENGINEER shall be entitled to receive payment for services and disbursements actually rendered or paid to the date of notice of termination, less any expenses which the State may be put to as a result of the termination by the ARCHITECT/ENGINEER over and above the total sum agreed to herein. In the event that the ARCHITECT/ENGINEER shall have been paid in full for services and expenses previously rendered or paid as of the date of notice of termination, the ARCHITECT/ENGINEER agrees to promptly pay the State the additional expense above referred to upon submission of statement of such expense to the

ARCHITECT/ENGINEER by the State.

- 8.2. It is understood that a breach on the part of the State of this Agreement shall be sufficient reason for the ARCHITECT/ENGINEER to be relieved of the additional expense referred to in this paragraph.
- 8.3. Notwithstanding any of the foregoing, the State's obligations under this Agreement shall cease when the funds appropriated for this Agreement are expended.

Architect/Engineer Professional Service Agreement

Attachment C, Paragraphs 6 and 7 are deleted in its entirety and replaced with the following:

6. Independence, Liability, Indemnity:

- A. The Party will act in an independent capacity and not as officers or employees of the State.
- B. This Agreement requires the Party to provide professional services in the design and/or engineering of all or a part of the Project to which this Agreement relates. This is not an Agreement for construction services. However, construction administration, observation or certification services may be required on the part of the Party if this Agreement so provides. Before commencing work on this Agreement and throughout the term of this Agreement, the Party shall procure and maintain professional liability insurance for all services performed under this Agreement, with minimum coverage as required by the Agency of Administration but not less than \$1,000,000 per claim and \$2,000,000 policy aggregate.
- C. The Party shall defend the State and its officers and employees against all claims or suits arising in whole or in part from any act or omission of the Party or of any agent of the Party in providing “non-professional services” under this Agreement. As used herein, “non-professional services” means services provided under this Agreement other than professional services relating to the design and/or engineering of all or part of the project. The State shall notify the Party in the event of any such claim or suit covered by this Subsection C, and the Party shall immediately retain counsel and otherwise provide a complete defense against the entire claim or suit arising out of “non-professional services” provided under this Agreement.
- D. Notwithstanding anything to the contrary set forth in Subsection C above, the Party shall not be obligated to defend the State and its officers and employees against claims or suits arising from the Party’s provision of engineering design services or architectural/engineering design services. However, the Party’s obligation to defend the State and its officers and employees against all claims or suits arising out of “non-professional services” provided under this Agreement as provided in Subsection C above and the Party’s other obligations under Attachment C shall remain in effect.
- E. The Party agrees to indemnify and hold the State, its officers and employees, harmless from and against monetary damages to third parties, together with reasonable costs, expenses and attorney’s fees incurred and paid by the State in defending claims by third parties (collectively “Damages”) but only in the event and to the extent such Damages are incurred and paid by the State as the proximate cause of negligent acts, errors or omissions (“Professional Negligence”) by the Party, its employees, agents, consultants and subcontractors, in providing the professional services required under this Agreement.
- F. As used herein, “Professional Negligence” or “negligent acts, errors or omissions” means a failure by the Party to exercise that degree of skill and care ordinarily possessed by a reasonably prudent design professional practicing in the same or similar locality providing such services under like or similar conditions and circumstances.
- G. The Party shall indemnify the State and its officers and employees in the event that the State, its officers or employees become legally obligated to pay any damages or losses arising from any act or omission of the Party arising from the provision of “non-professional services” (as defined

herein) under this Agreement.

- H. The Party shall not be obligated to indemnify the State for any Damages incurred by the State attributable to the State's own negligent acts, errors or omissions or the negligent acts, errors or omissions of its officers, agents or employees, or the acts, errors, omissions or breach of Agreement by persons or entities other than the Party, its employees, agents, consultants and subcontractors.
- I. After a final judgment or settlement the Party may request recoupment of specific defense costs and may file suit in Washington Superior Court requesting recoupment. The Party shall be entitled to recoup costs only upon a showing that such costs were entirely unrelated to the defense of any claim arising from an act or omission of the Party.
