ATTACHMENT A – STATEMENT OF WORK

The Contractor shall provide:

1. Line Item #1: Screened HW Mill Chips \$60.00/ton
Line Item #2: Bole Chips \$54.00
2. Contractor shall provide chips which conform to moisture content requirements and are free of dirt, rocks, twigs, sticks and sawdust. All chips should fit through a 1 1/2 inch screen. Unacceptable chips will be rejected by the state and replaced by the contractor at no cost to the state.
 - Screened hardwood mill chips: Woodchips shall be selected hardwood species, no poplar, basswood, willow or softwood will be considered. Chips shall be chipped from bole logs, or slabs, with or without bark, with a rotary chipper, screened to 1-1/2", and over sized chips re-chipped. Chips shall not contain any tops, sticks, branches, or leaves.
 - Hardwood bole chips: Woodchips shall be selected hardwood species, no poplar, basswood, willow or softwood will be considered. Chips shall be chipped from bole logs with a rotary chipper, typically at the log landing, and are not screened. Chips may contain some larger pieces that pass through the chipper but should not contain any tops, sticks, branches, or leaves.
3. Contractor shall provide chips with 40% moisture content +/- 5%. The Vermont Department of Buildings and General Services personnel will also check the moisture content using the following procedure: two samples from each delivery van will be weighed before and after complete drying in a microwave oven.
4. Contractor shall provide all transportation charges fully prepaid to the delivery location, and will be based upon the delivery slips, and adjusted for moisture content if the actual is less than 25% or more than 45%. For example a 23 ton load at 55% moisture will be billed at 20.7 tons ($45\% - 55\% = 10\%$ $23 \times 10\% = 2.3$ $23 - 2.3 = 20.7$).
5. Chips shall be delivered to the designated area at the contractor's expense between the hours listed and will be unloaded by the contractor via self unloading live bottom trailer. Deliveries will be requested **approximately one (1) week in advance of need**. Delivery date and time should be cleared with the contacts listed. Deliveries will be made upon the request of our heating plan supervisor or his designee.
 - 5.1. Delivery Hours:
 - 5.1.1. Emery Hebard State Office Building, 100 Main ST, Newport, VT between 9 PM and 7AM Monday – Friday.
6. Contacts:
 - 6.1. Newport: Roy Wright (802)334-4377, Gary Champney (802) 334-3347 , or Al Simard (802)535-4548
7. Newport: Vendor shall provide chips delivered via live bottom trailer to the storage bunker. The load may require offloading approximately half the load to one half of the bin, then repositioning the truck to finish offloading. Driver is responsible to clean up any chips that come off the truck outside the building. Deliveries shall be made upon the request of Roy Wright at 334-4377.
8. Contractor shall provide scale slips with each load, each slip shall show the gross weight of the truck, trailer and chips in addition to the tare weight of the empty truck and trailer. If scales are not available then the load will be estimated based on the previous 5 deliveries. In lieu of tare weights for each load the State will accept a schedule of trucks and trailer tare weights at the beginning of each heating season.
9. All loads shall be weighed in accordance with 9 VSA (Vermont Statues Annotated) Chapter 73 and 2744. NO split weighing shall be allowed. Contractor must provide a truck weight slip for each truckload of wood chips delivered and the slip numbers must appear on the invoice. All weight tickets shall be mechanically or electronically printed. Hand written weight tickets will not be accepted, and loads with hand-written tickets shall be rejected. Payment shall not be made for that portion of any load exceeding the legal maximum registered gross weight of the delivering vehicle. All such material shall be deposited along with the balance

of the load at the appropriate State facility under the terms of these specifications. Repeated violations can be the subject for disqualification of the supplier, hauler, or both.

10. Anticipated storage capacity as follows: The bin holds up to 40 tons
11. The contractor shall make provisions to be able to deliver the specified wood chips at anytime during the heating season, and to that end should have a source of wood available during times when the back roads are posted with weight restrictions.
12. If the contractor fails to deliver a load of chips within the time requested, for any reason (equipment malfunction, roads unsuitable for hauling) the State reserves the right to obtain chips from any supplier who can deliver. If the contractor is not going to be able to make a delivery it would be desirable to notify the contact person as soon as possible so other arrangement can be made.
13. Responsibility for product delivery remains with the contractor until the product is properly delivered and signed for in accordance with the Office of Purchasing & Contracting terms and conditions. Such containers will remain the property of the State unless otherwise stated. Delivered goods that do not conform to the specifications or are not in good condition upon receipt shall be replaced promptly by the contractor.
14. **DELIVERY PERFORMANCE MEASURES:** Penalties may be imposed on contractors that have continual late deliveries. These penalties may include but are not limited to cancellation of orders, request for discounted pricing, non-use of an offending contractor or cancellation of the contractor's contract. The acceptable quality level for on time delivery will be 99%; the customer will report any deliveries that do not meet the contractor's promised delivery date to the Office of Purchasing and Contracting. Contractor's delivery performance will be reviewed in periodic contract review meetings between the state of Vermont and the contractor.
15. **WARRANTY:** Each product purchased hereunder shall include a manufacturer's written warranty, which must be based on commercial use, and extend for a minimum term of one (1) year from the date a Product is available for use by the purchaser, or such longer period as set forth in the written warranty.

and the contractor, the contractor must include, in reporting to State, the figures on quantities sold by contractor to, and amounts paid to contractor by, any such political subdivisions or independent colleges.
